FIG. 1 is a front view of an animated graphical user interface showing a first image in a sequence; FIG. 2 is a second image thereof; FIG. 3 is a third image thereof; FIG. 4 is a fourth image thereof; FIG. 5 is a fifth image thereof; FIG. 6 is a sixth image thereof; and, FIG. 7 is a seventh image thereof.

The broken lines showing an electronic device and display screen illustrate environmental structure and the article of manufacture, respectively. The remaining broken lines, including all text shown, illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-7. The process or period in which one image transitions to another forms no part of the claimed design.
