(57) **CLAIM**

We claim the ornamental design for a display screen with a cognitive commerce personal shopping profile graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with a cognitive commerce personal shopping profile graphical user interface of the present invention. The outermost broken line illustrates the display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of the graphical user interface and form no part of the claimed design.
