The ornamental design for a container for lubricants, as shown and described.

DESCRIPTION

FIG 1 is a front elevational view of a container for lubricants showing our new design;
FIG 2 is a front, right, and top perspective view thereof;
FIG 3 is a top plan view thereof
FIG 4 is a bottom plan view thereof
FIG 5 is a left side elevational view thereof; and,
FIG 6 is a right side elevational view thereof.
The broken lines in the drawings depict portions of the container for lubricants that form no part of the claimed design.
