(57) **CLAIM**

The ornamental design for a torsion receiver hitch, as shown and described.

DESCRIPTION

FIG. 1 is a front isometric view of the torsion receiver hitch; FIG. 2 is a rear isometric view of the torsion receiver hitch; FIG. 3 is a front view of the torsion receiver hitch; FIG. 4 is a rear view of the torsion receiver hitch; FIG. 5 is a top view of the torsion receiver hitch; FIG. 6 is a right side view of the torsion receiver hitch; FIG. 7 is a left side view of the torsion receiver hitch; and, FIG. 8 is a bottom view of the torsion receiver hitch.

The portions of the torsion receiver hitch shown in broken lines are provided to show environment and form no part of the claimed design. The interior cavities of the three vertical stacked tubes terminate at the rear edge.
