(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface showing the new design. The broken lines showing an electronic device illustrate environmental subject matter. The dot-dash broken lines showing a display screen and the other broken lines therein showing elements of the graphical user interface illustrate portions of the article. None of the aforementioned broken line subject matters form part of the claimed design.
