(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

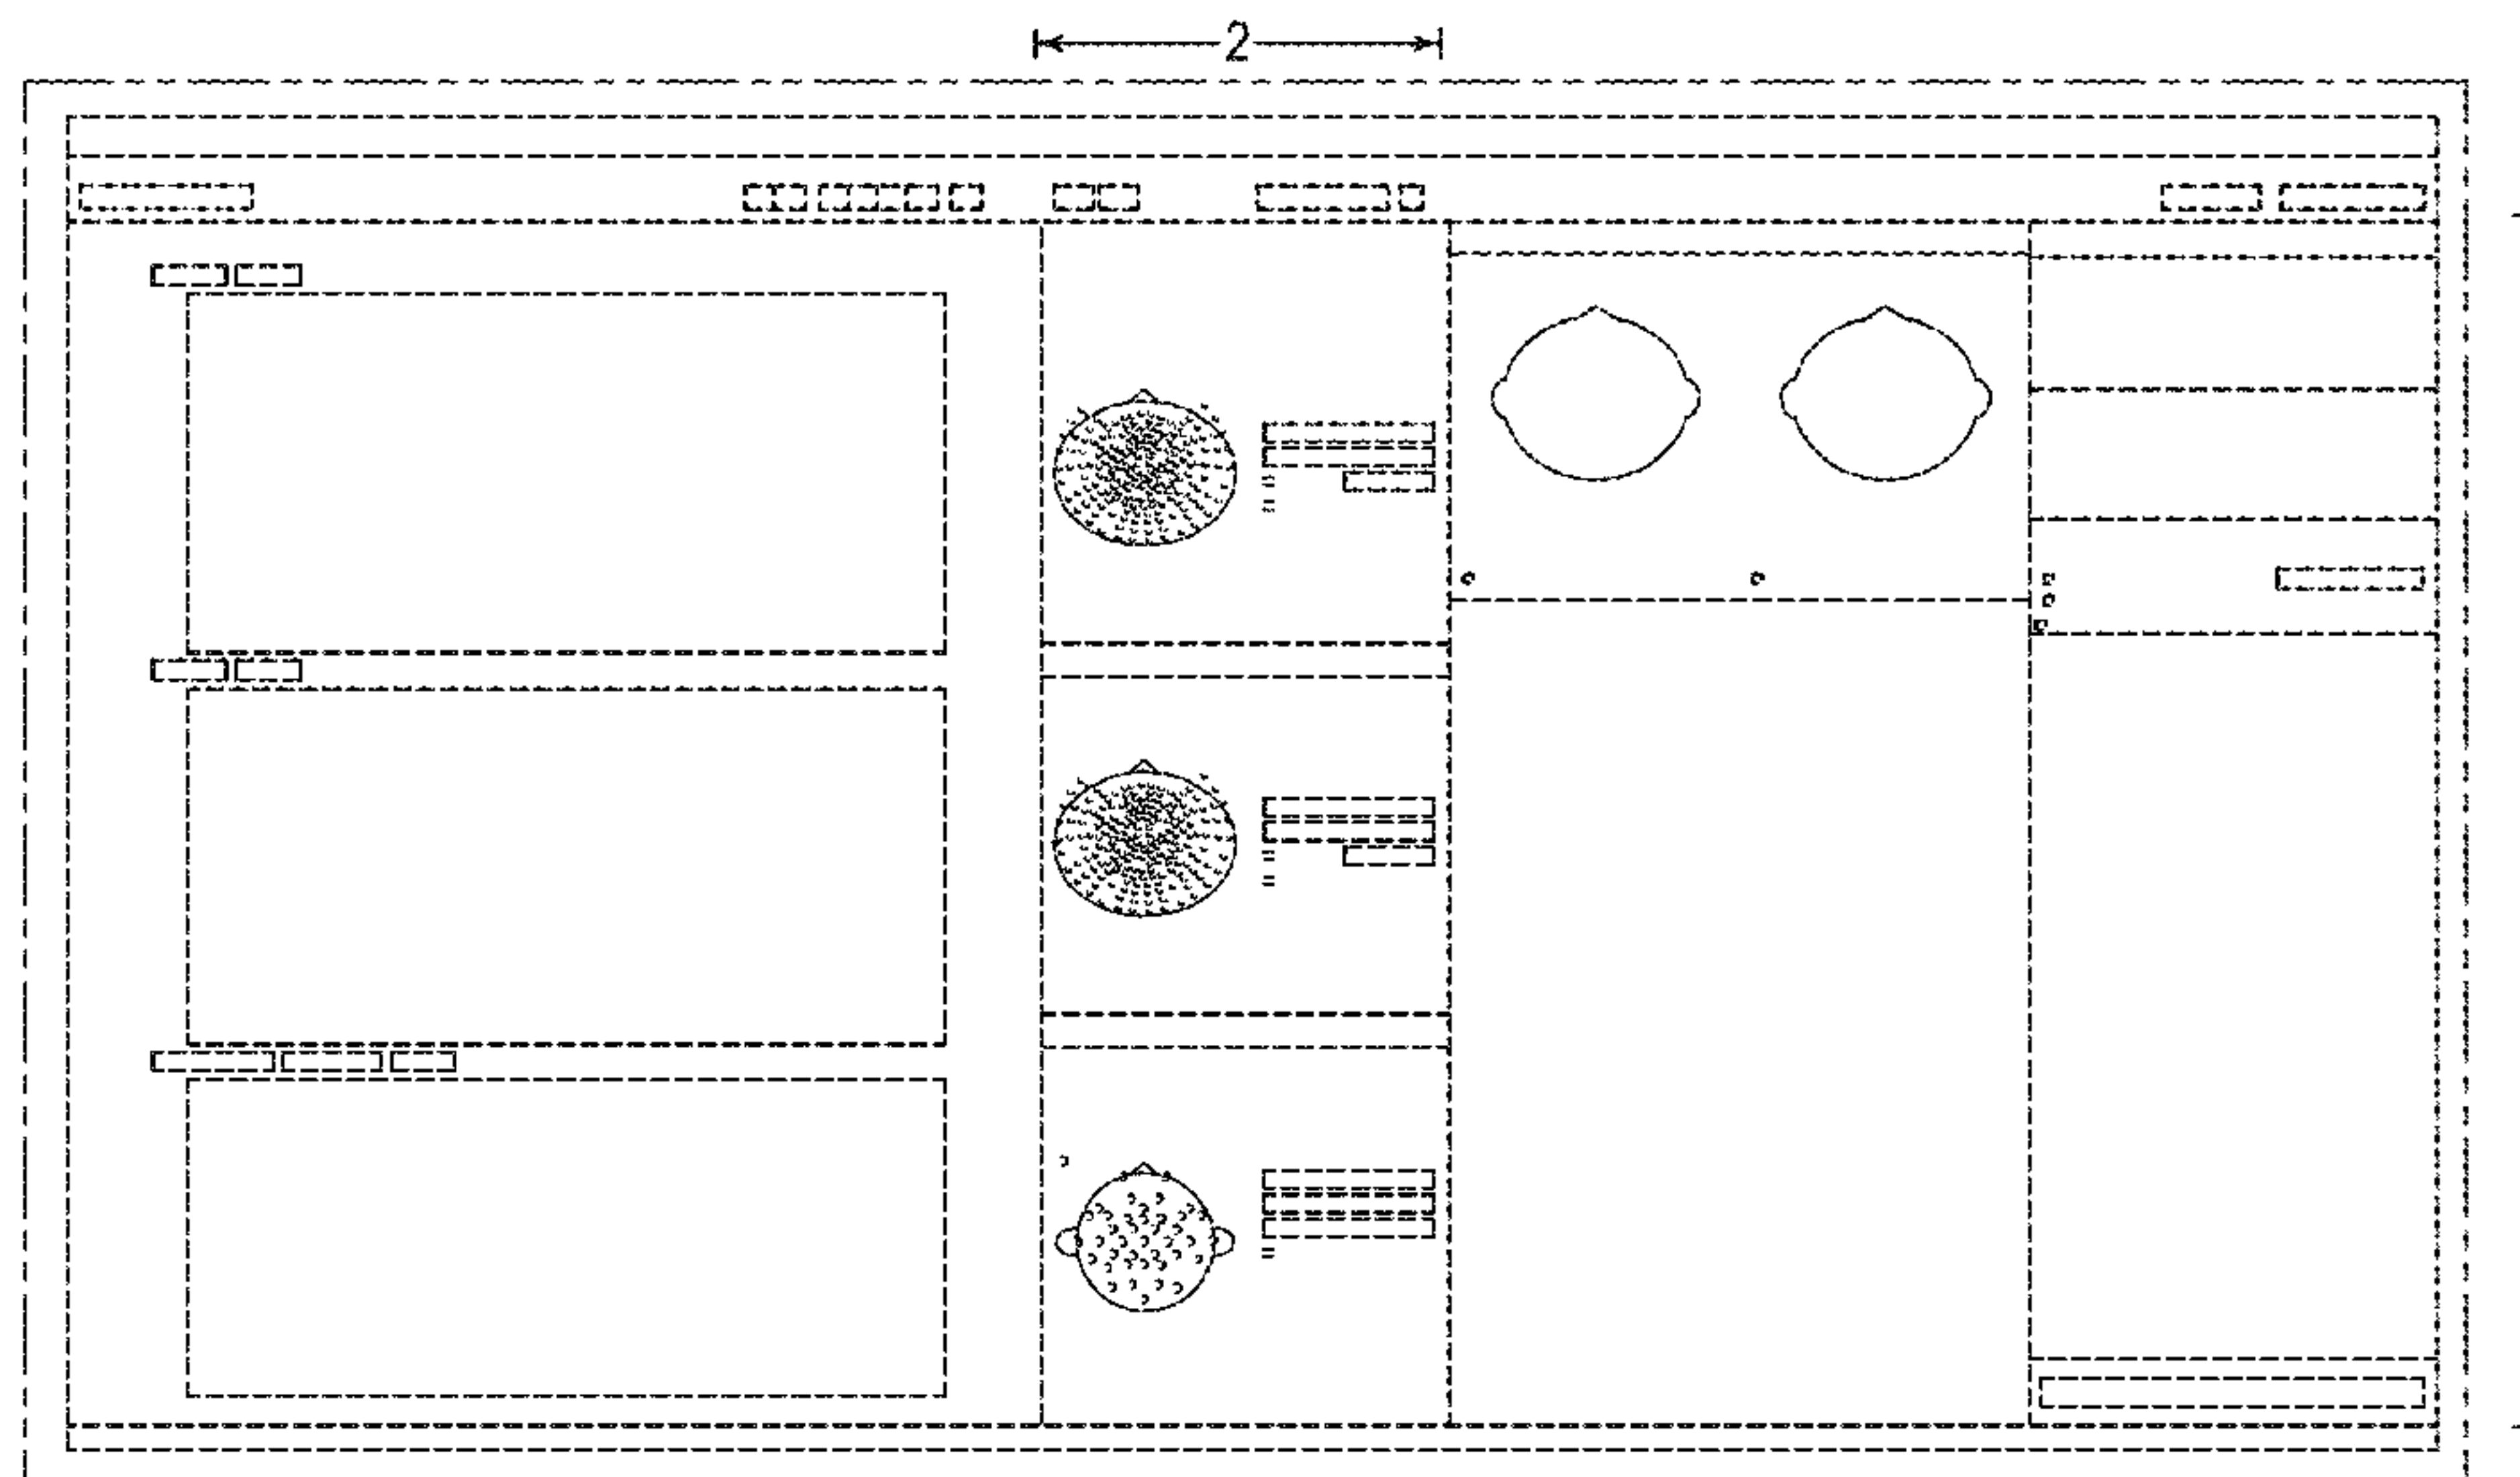

**DESCRIPTION**

FIG. 1 is a front elevational view of a display screen with graphical user interface; and,  
FIG. 2 is an enlarged view of the area defined by lines 2-2 in FIG. 1.

The evenly spaced broken lines and the groupings of small broken line circles within and around the three claimed circular features illustrate portions of the graphical user interface that form no part of the claimed design.

See application file for complete search history.
