FIG. 1 is a front perspective view of a wedge for a tile installation device;
FIG. 2 is a right side elevation view of the wedge for the tile installation device shown in FIG. 1, which includes left-right symmetry;
FIG. 3 is a top plan view of the wedge for the tile installation device shown in FIG. 1;
FIG. 4 is a bottom plan view of the wedge for the tile installation device shown in FIG. 1;
FIG. 5 is a front elevation view of the wedge for the tile installation device as shown in FIG. 1; and,
FIG. 6 is a rear elevation view of the wedge for the tile installation device as shown in FIG. 1.

The broken lines depict portions of the wedge for a tile installation device in which the design is embodied, that are not considered part of the claimed design.
