(57) **CLAIM**

The ornamental design for a computer with amp ad identification function in a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the computer with AMP ad identification function in a graphical user interface in accordance with a first embodiment;

FIG. 2 is a front view in accordance with a second embodiment;

FIG. 3 is a front view of a third embodiment;

FIG. 4 is a front view of a fourth embodiment;

FIG. 5 is a front view of a fifth embodiment; and,

FIG. 6 is a front view of a sixth embodiment.

The longer-incremented broken line showing of a computer and the shorter-incremented broken line showing of a display screen of the computer, as well as the features within the graphical user interface, are included for the purpose of illustrating environment and form no part of the claimed design.

The dash-dot-dash broken line shown in FIGS. 1 and 2 defines a boundary of the claimed design and is not an ornamental part of the design itself.

The greyscale in the drawings indicates contrasts in appearance and is claimed subject matter.
