(57) **CLAIM**

An ornamental design for a display screen portion with graphical user interface, as shown and described.

**DESCRIPTION**

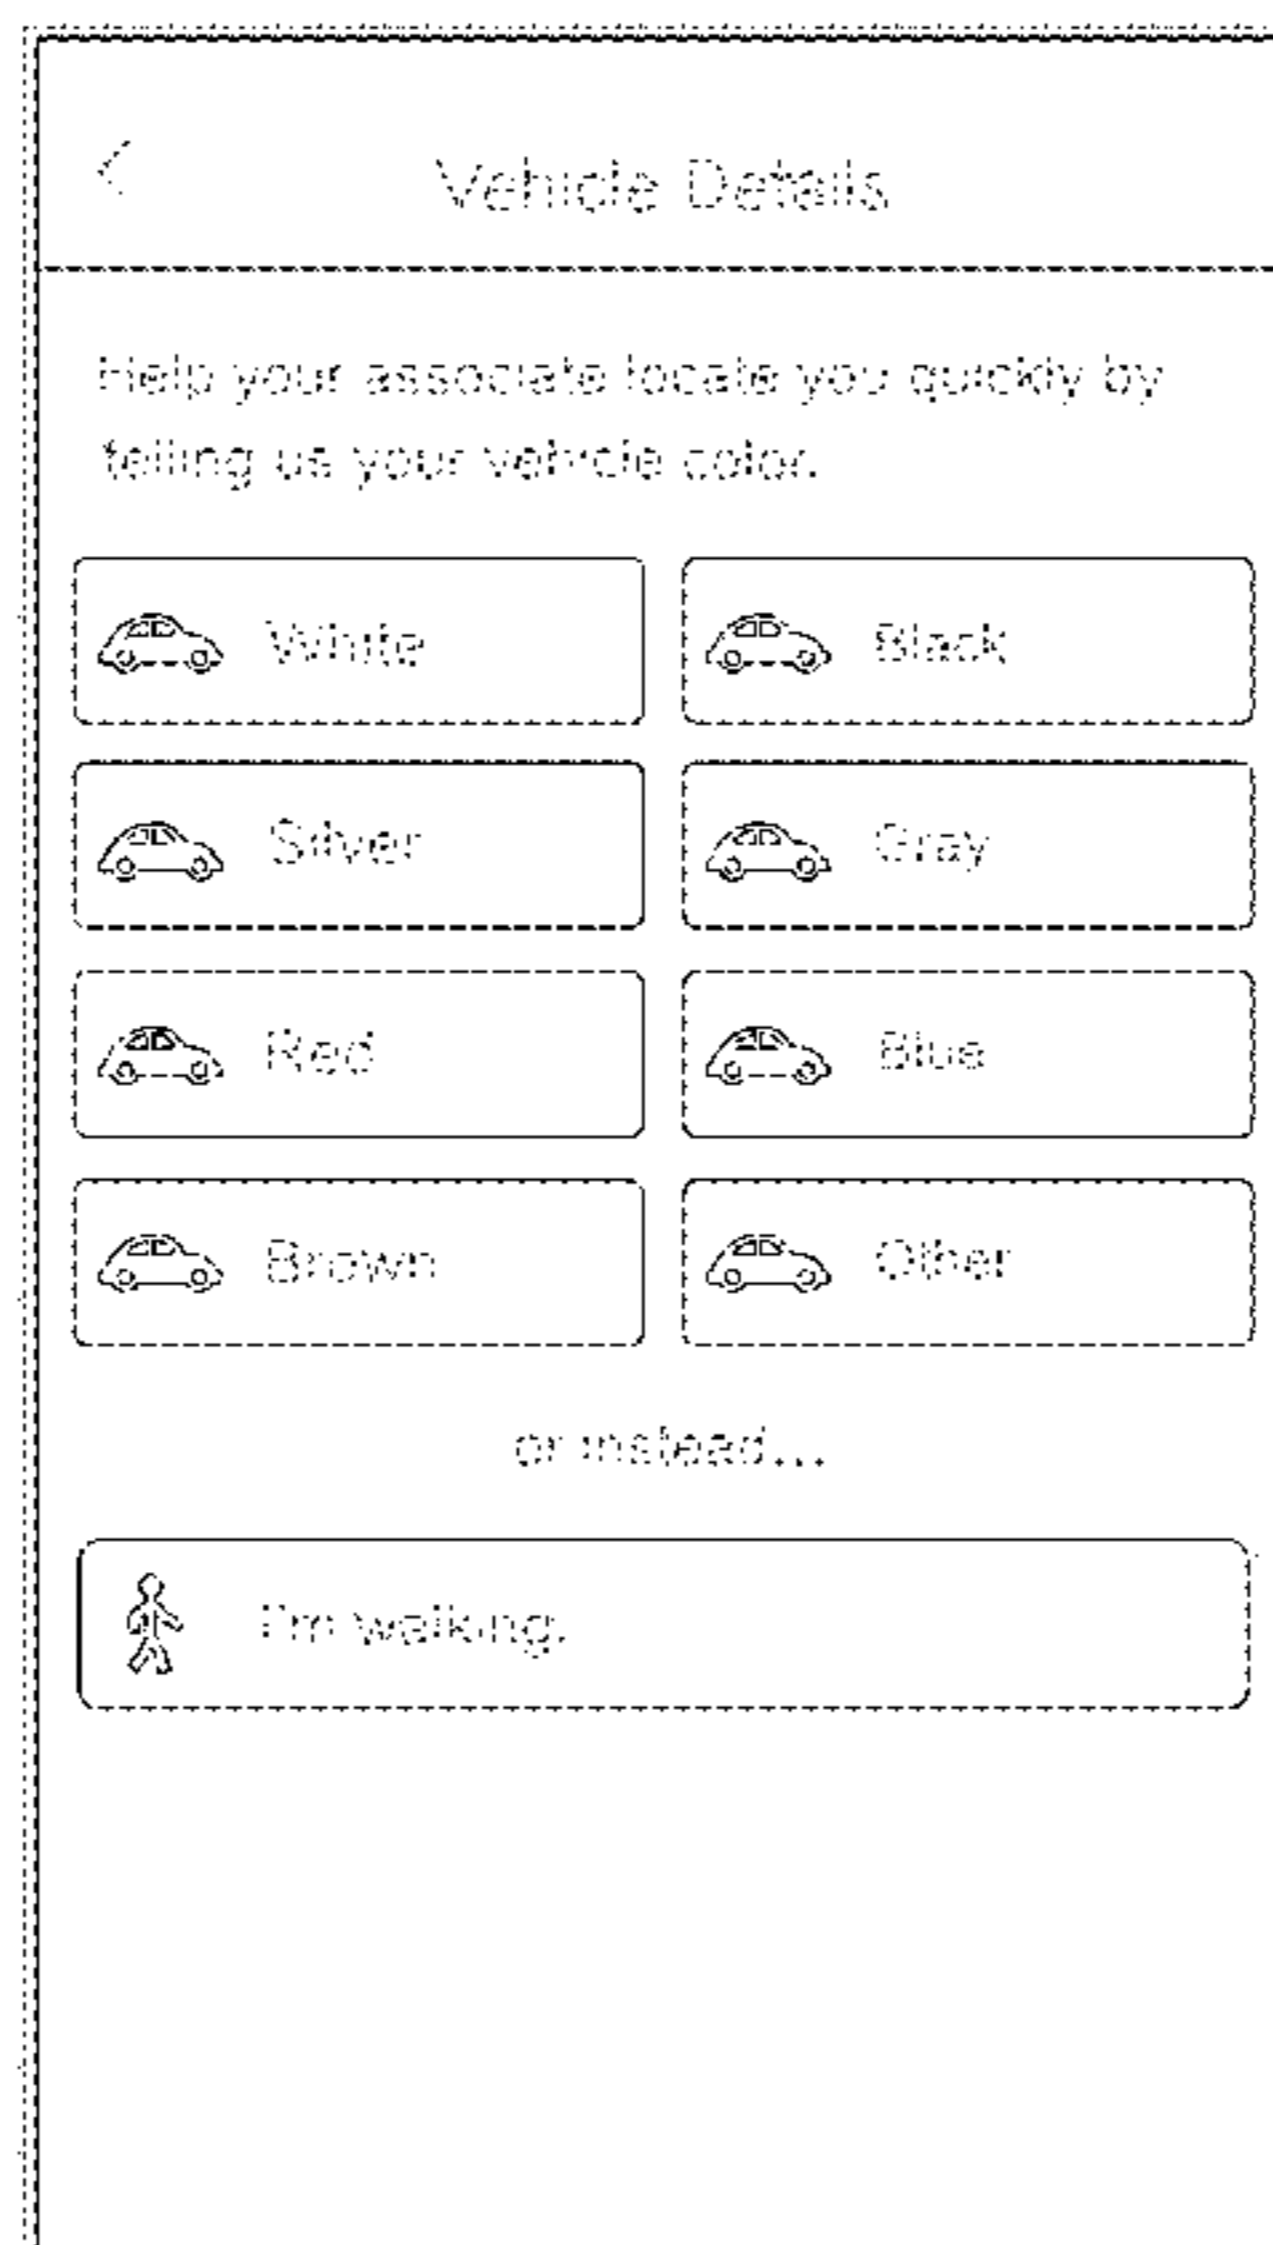

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen portion with graphical user interface showing a first embodiment of the new design; and,

FIG. 2 is a front view of a display screen portion with graphical user interface showing a second embodiment of the new design.

The broken line showing of portions of the graphical user interface is included for the purpose of illustrating portions of the article and forms no part of the claimed design. The broken line immediately adjacent to the outer edge perimeter of the graphical user interface represents a portion of a display screen, and forms no part of the claimed design.
