(57) **CLAIM**

The ornamental design for a consumer electronic device with animated graphical user interface, as shown and described.

DESCRIPTION

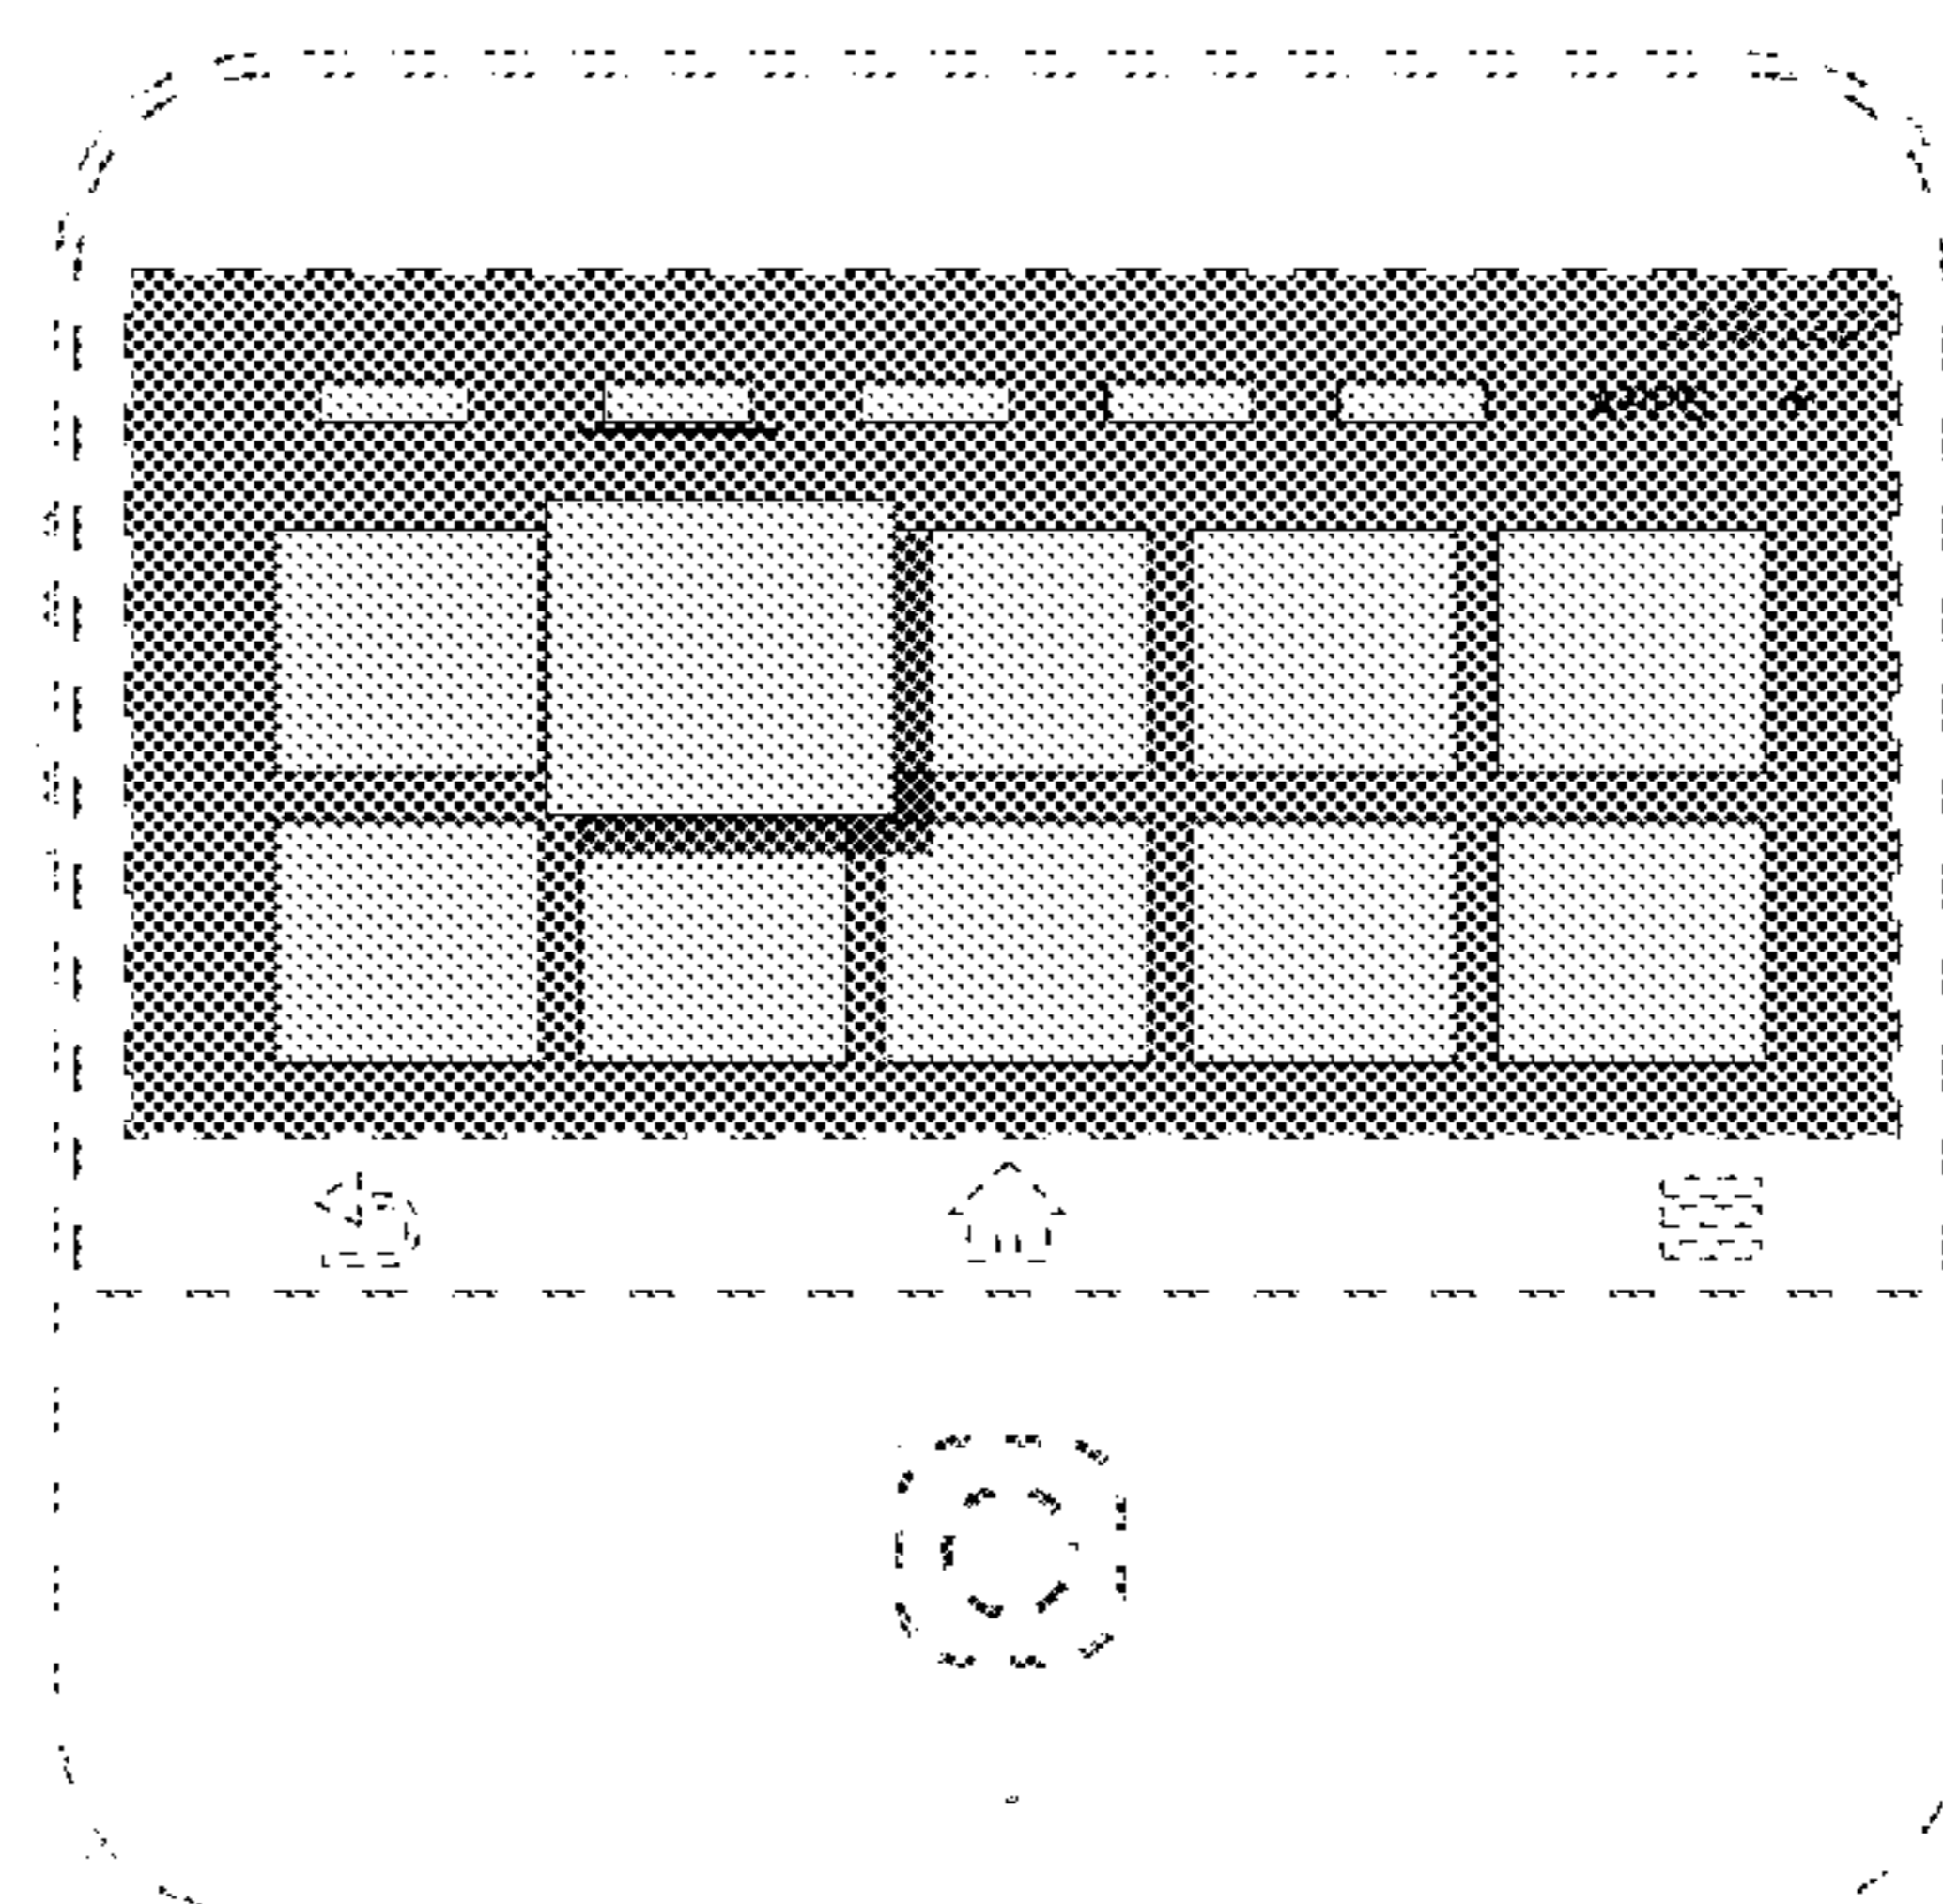

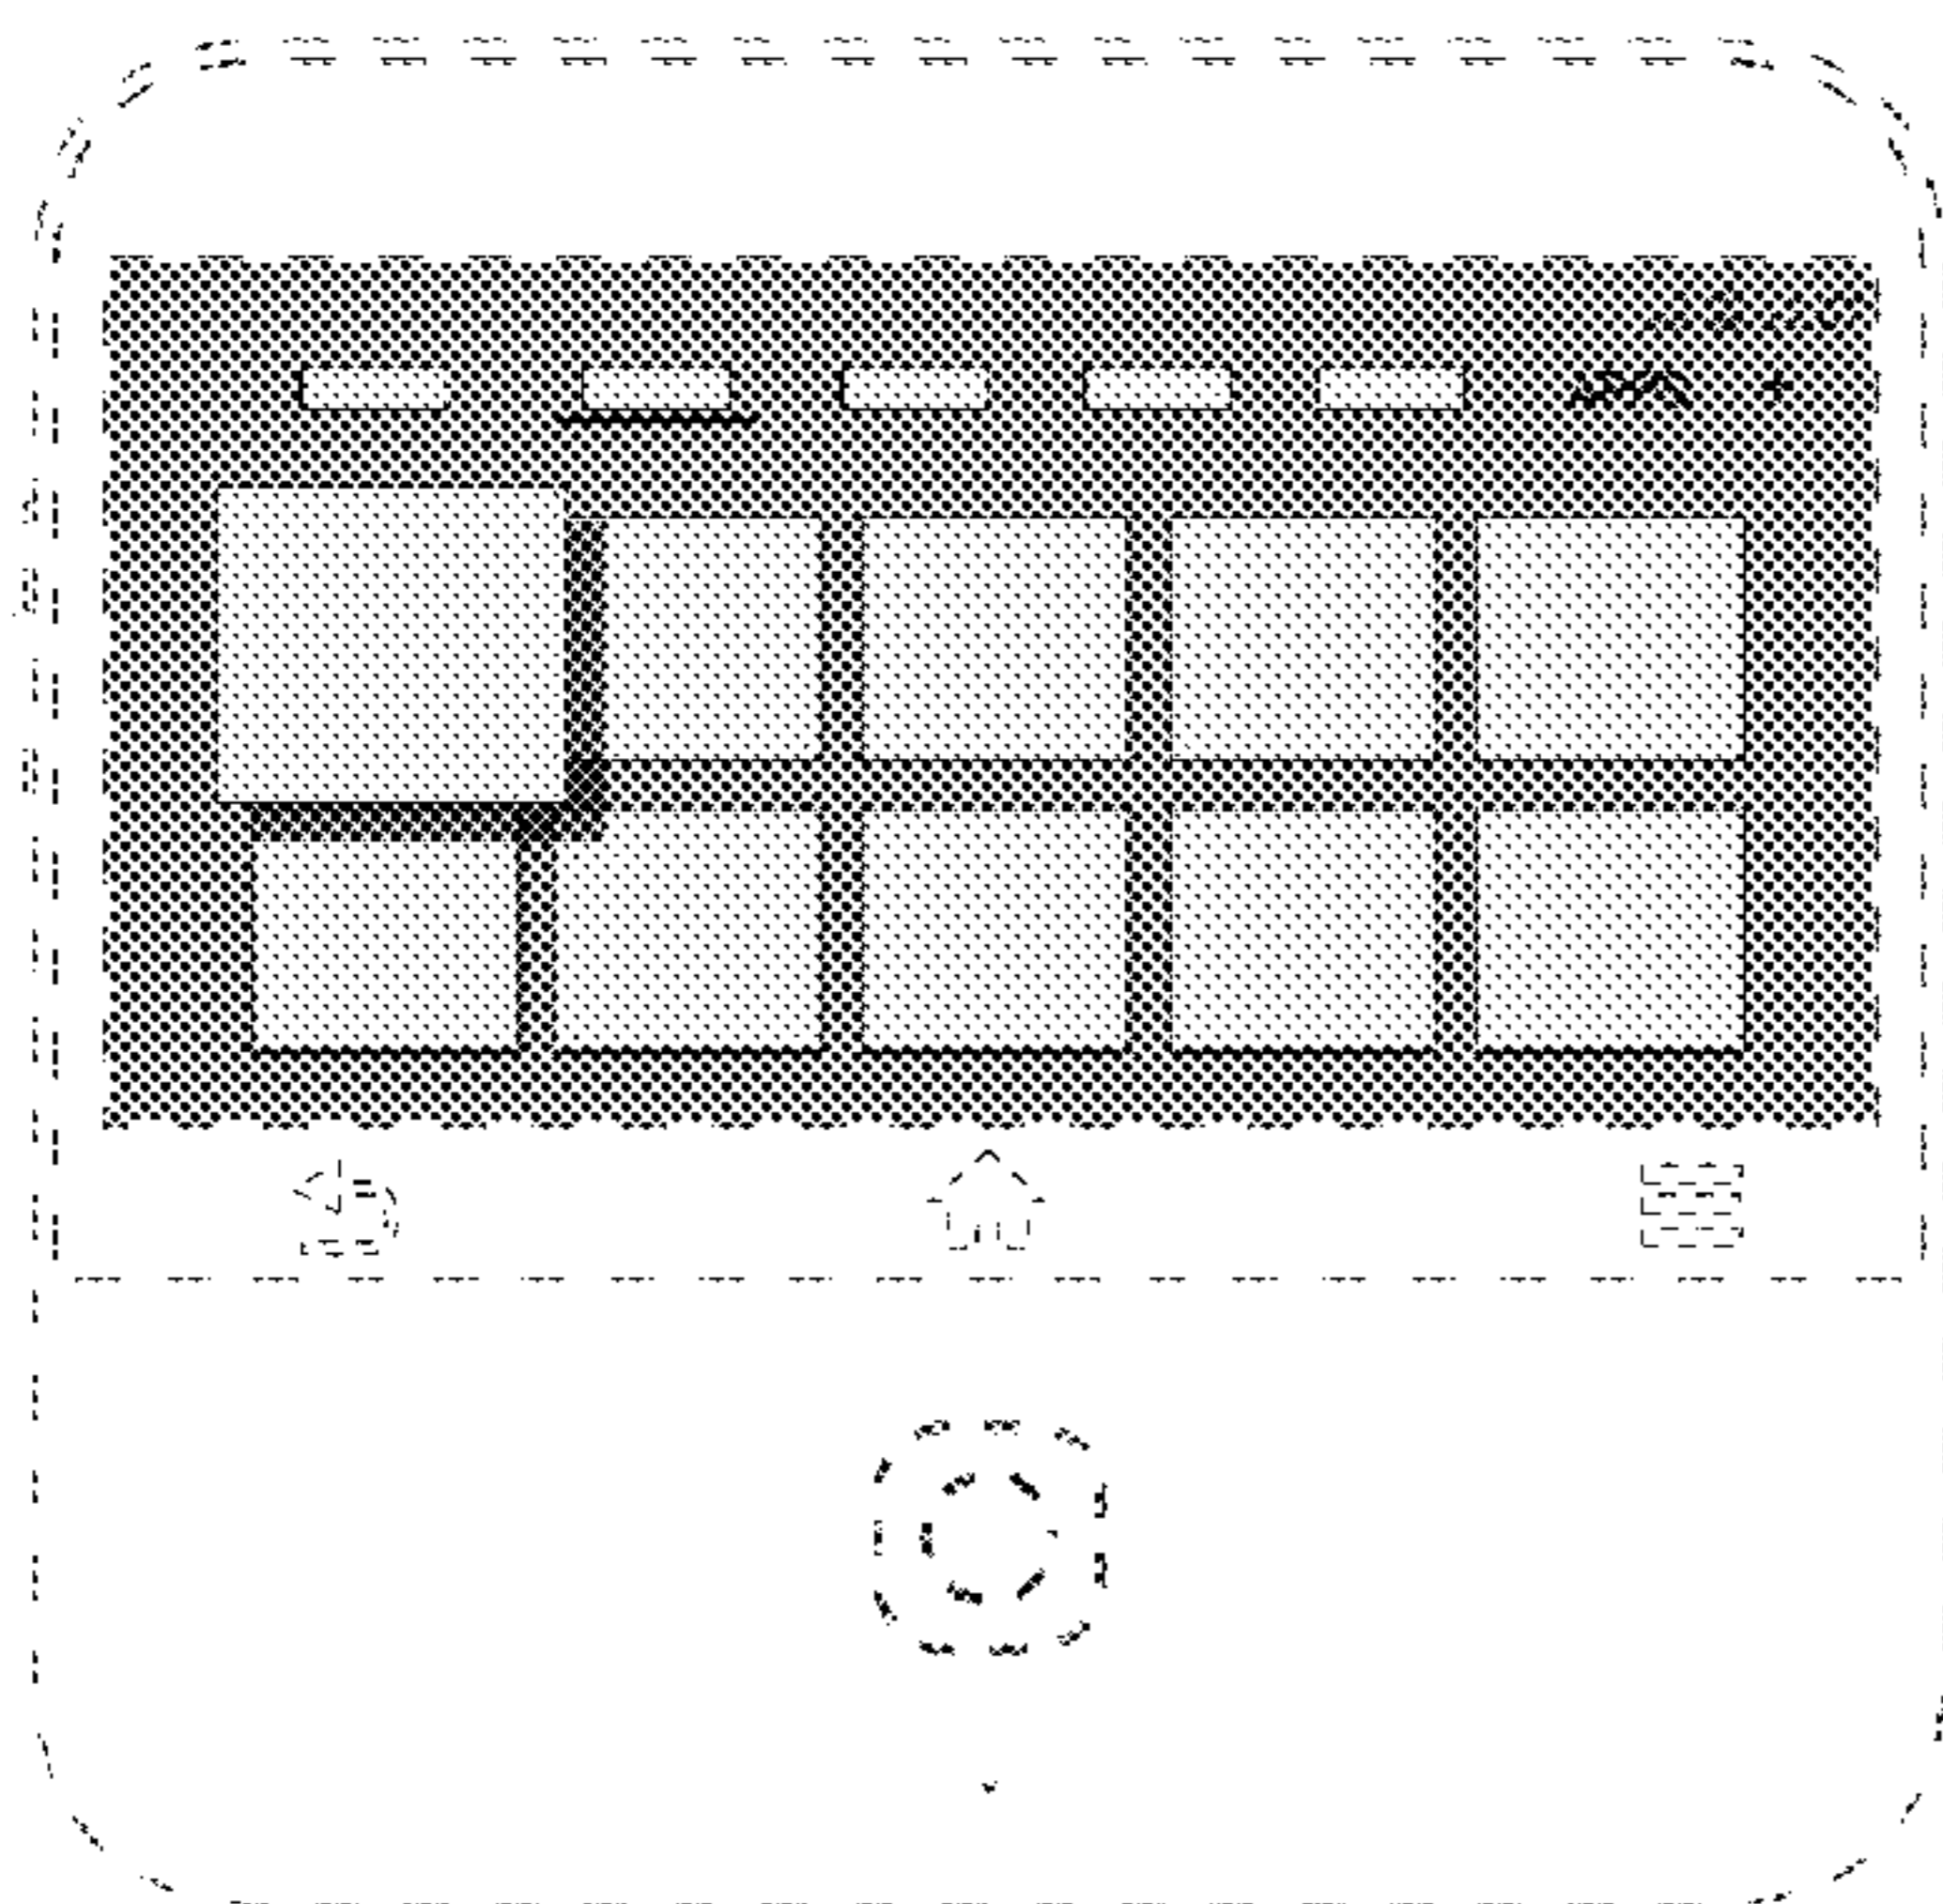

FIG. 1 is a front view of the first image of our new design for a consumer electronic device with animated graphical user interface; and,

FIG. 2 is a front view of the second image thereof.

The broken lines showing in the electronic device are included for the purpose of illustrating environmental structure and form no part of the claimed design. The broken line showing of text, the remainder of the display screen and portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2. The process or period that one image transitions to another image forms no part of the claimed design.
