(57) **CLAIM**

The ornamental design for a display screen or portion thereof with a graphical user interface, substantially as shown and described.

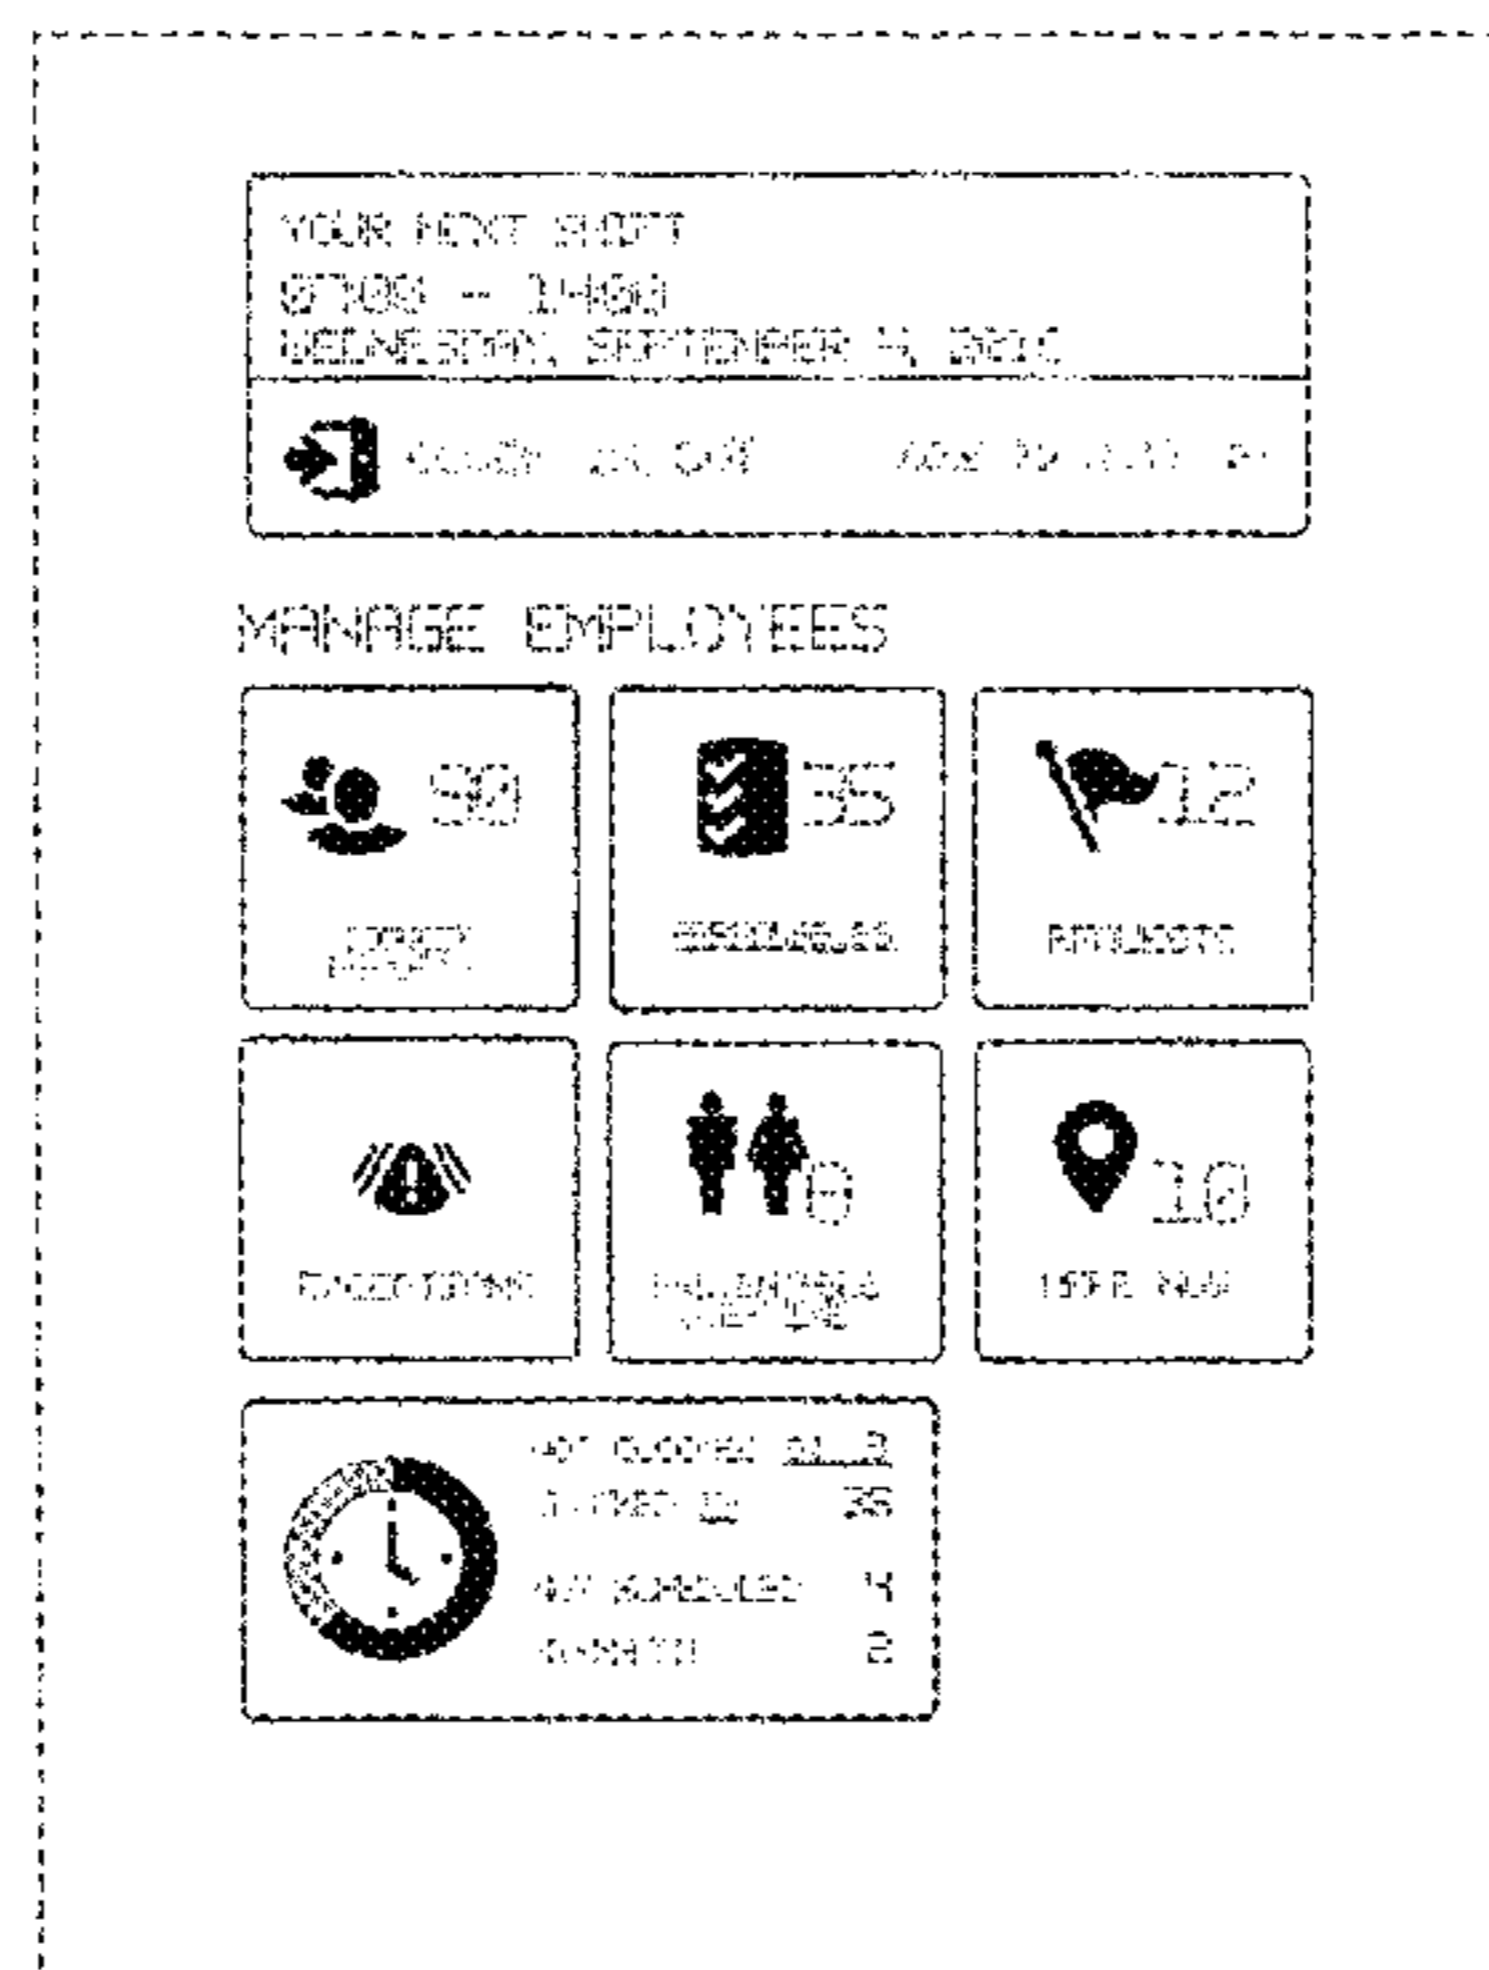

DESCRIPTION

A portion of the disclosure of this patent document contains material which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the US Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever.

FIGURE is a front view of a display screen or portion thereof showing a graphical user interface.

The outer broken line showing a display screen or portion thereof forms no part of the claimed design. The blue or red broken underline below text and/or numbers in the drawing show portions of the graphical user interface that form no part of the claimed design.
