(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing our new design;

FIG. 2 is a second view thereof; and,

FIG. 3 is a third view thereof.

The broken lines around the Figures show a display screen or portion thereof and form no part of the claimed design. The broken lines within the Figures show portions of the animated graphical user interface that form no part of the claimed design.

The appearance of the images sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another forms no part of the claimed design.
