(57) **CLAIM**

The ornamental design for a display panel of a programmed computer system with a graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display panel of a programmed computer system with a graphical user interface.

The outermost broken line illustrates a display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of the graphical user interface and form no part of the claimed design.

The dark gray shading depicts a contrast in appearance.
