(57) **CLAIM**
The ornamental design for a retainer member for door insert, as shown and described.

DESCRIPTION
FIG. 1 is a front view of a retainer member for door insert; FIG. 2 is a top view of the new design; FIG. 3 is a bottom view of the new design; FIG. 4 is a right side view of the new design, with the left side view being a mirror image thereof; FIG. 5 is a perspective view of the new design; FIG. 6 is another perspective view of the new design, with portions of the door structure and door insert illustrated in broken lines to provide environmental structure; and, FIG. 7 is yet another perspective view of the new design with portions of the door structure and door insert illustrated in broken lines to provide environmental structure. The evenly spaced broken lines in FIGS. 2-5 depict portions of the retainer member for door insert that form no part of the claimed design. The dot dash broken lines in FIGS. 2-5 depict a symbolic break in the retainer member for door insert. The portions of the retainer member for door insert between the break lines form no part of the claimed design.
