(57) **CLAIM**

The ornamental design for a display screen or portion thereof having a graphical user interface, as shown and described.

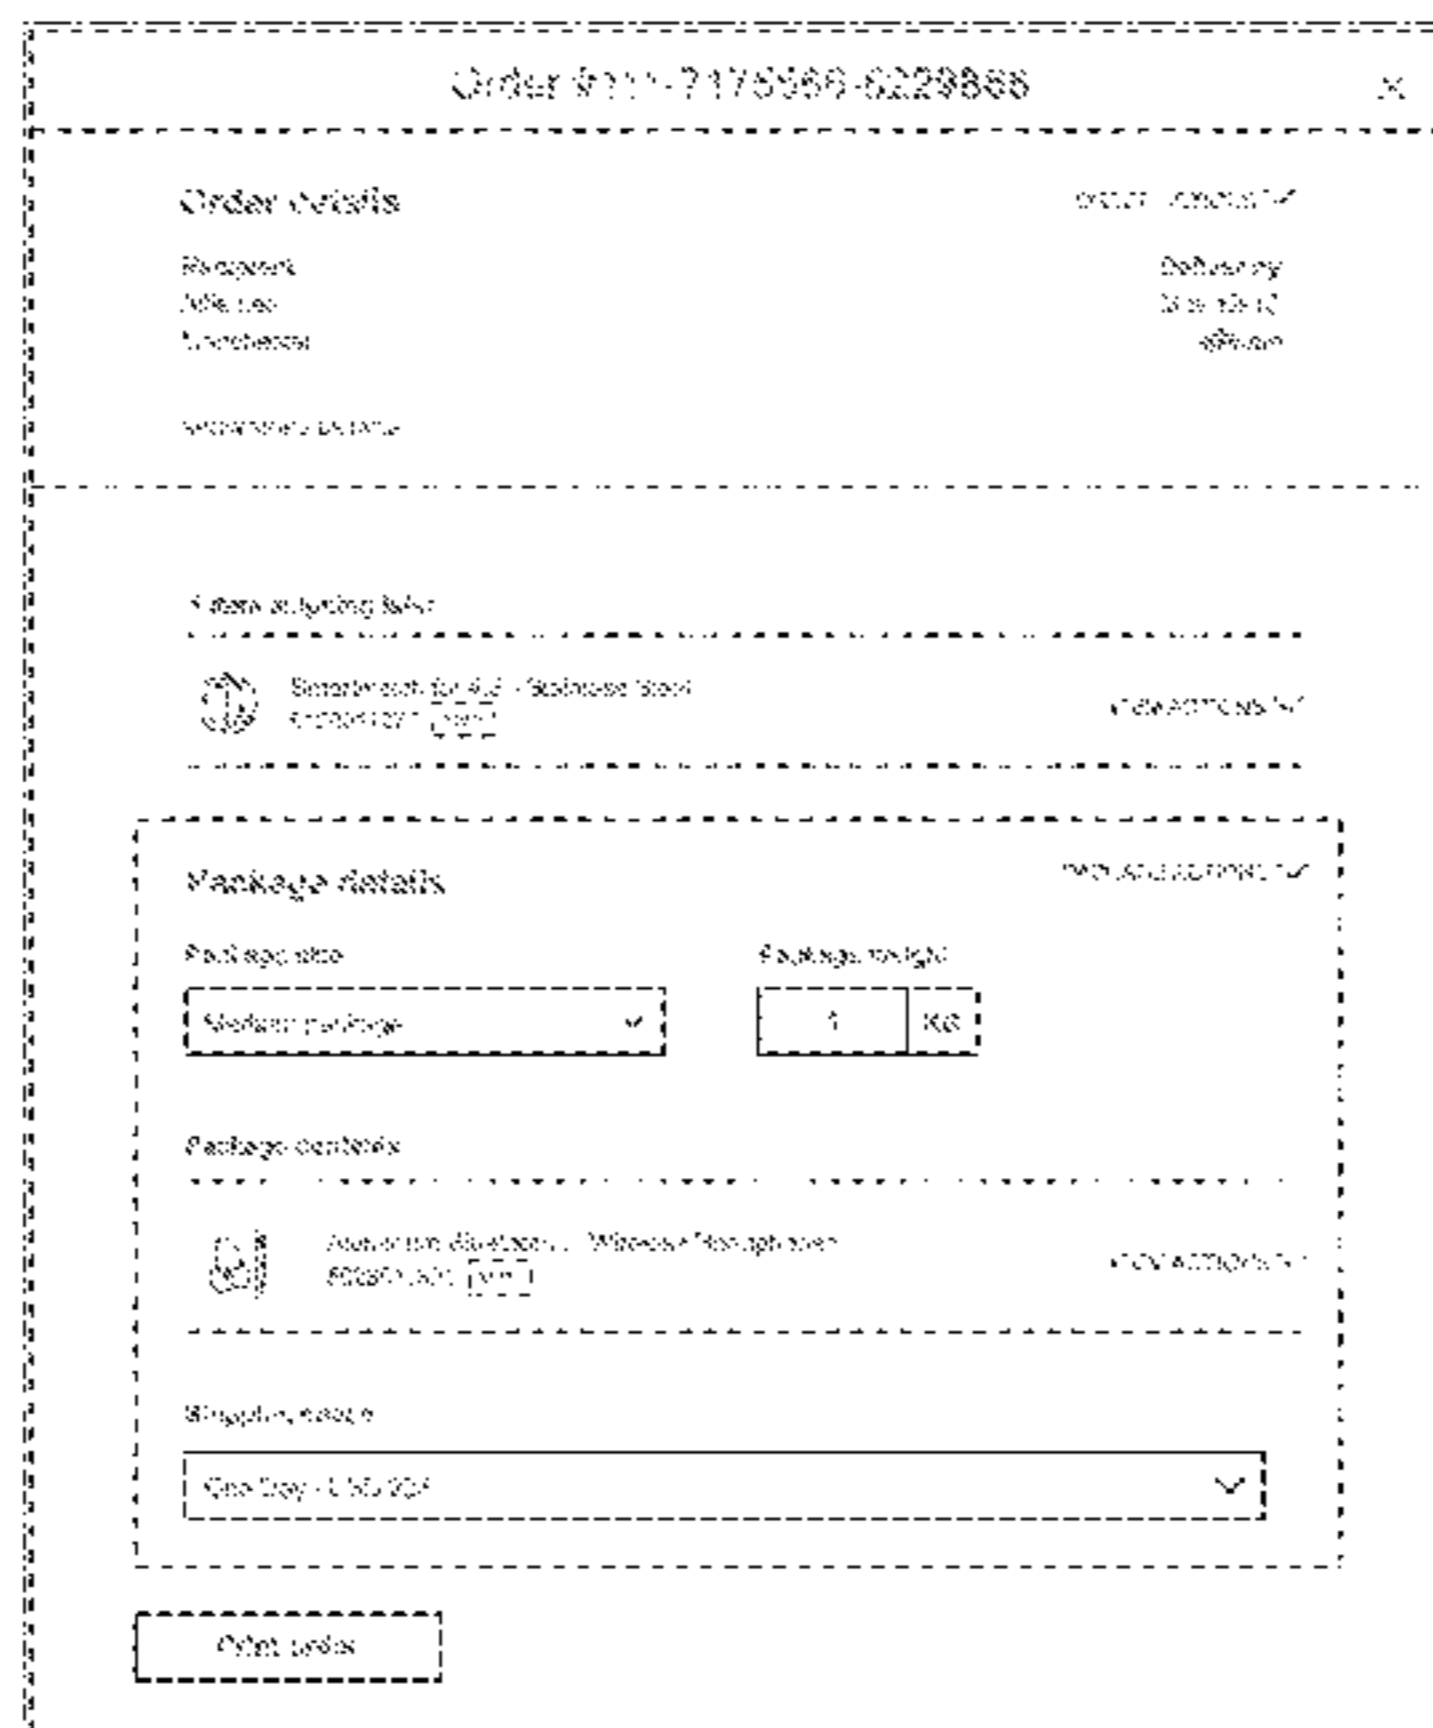

**DESCRIPTION**

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever.

The FIGURE is a view of a display screen or portion thereof having a graphical user interface.

The broken lines representing features of the display screen having a graphical user interface or portion thereof and dot-dashed lines showing portions of the display screen form no part of the claimed design.
