(57) **CLAIM**

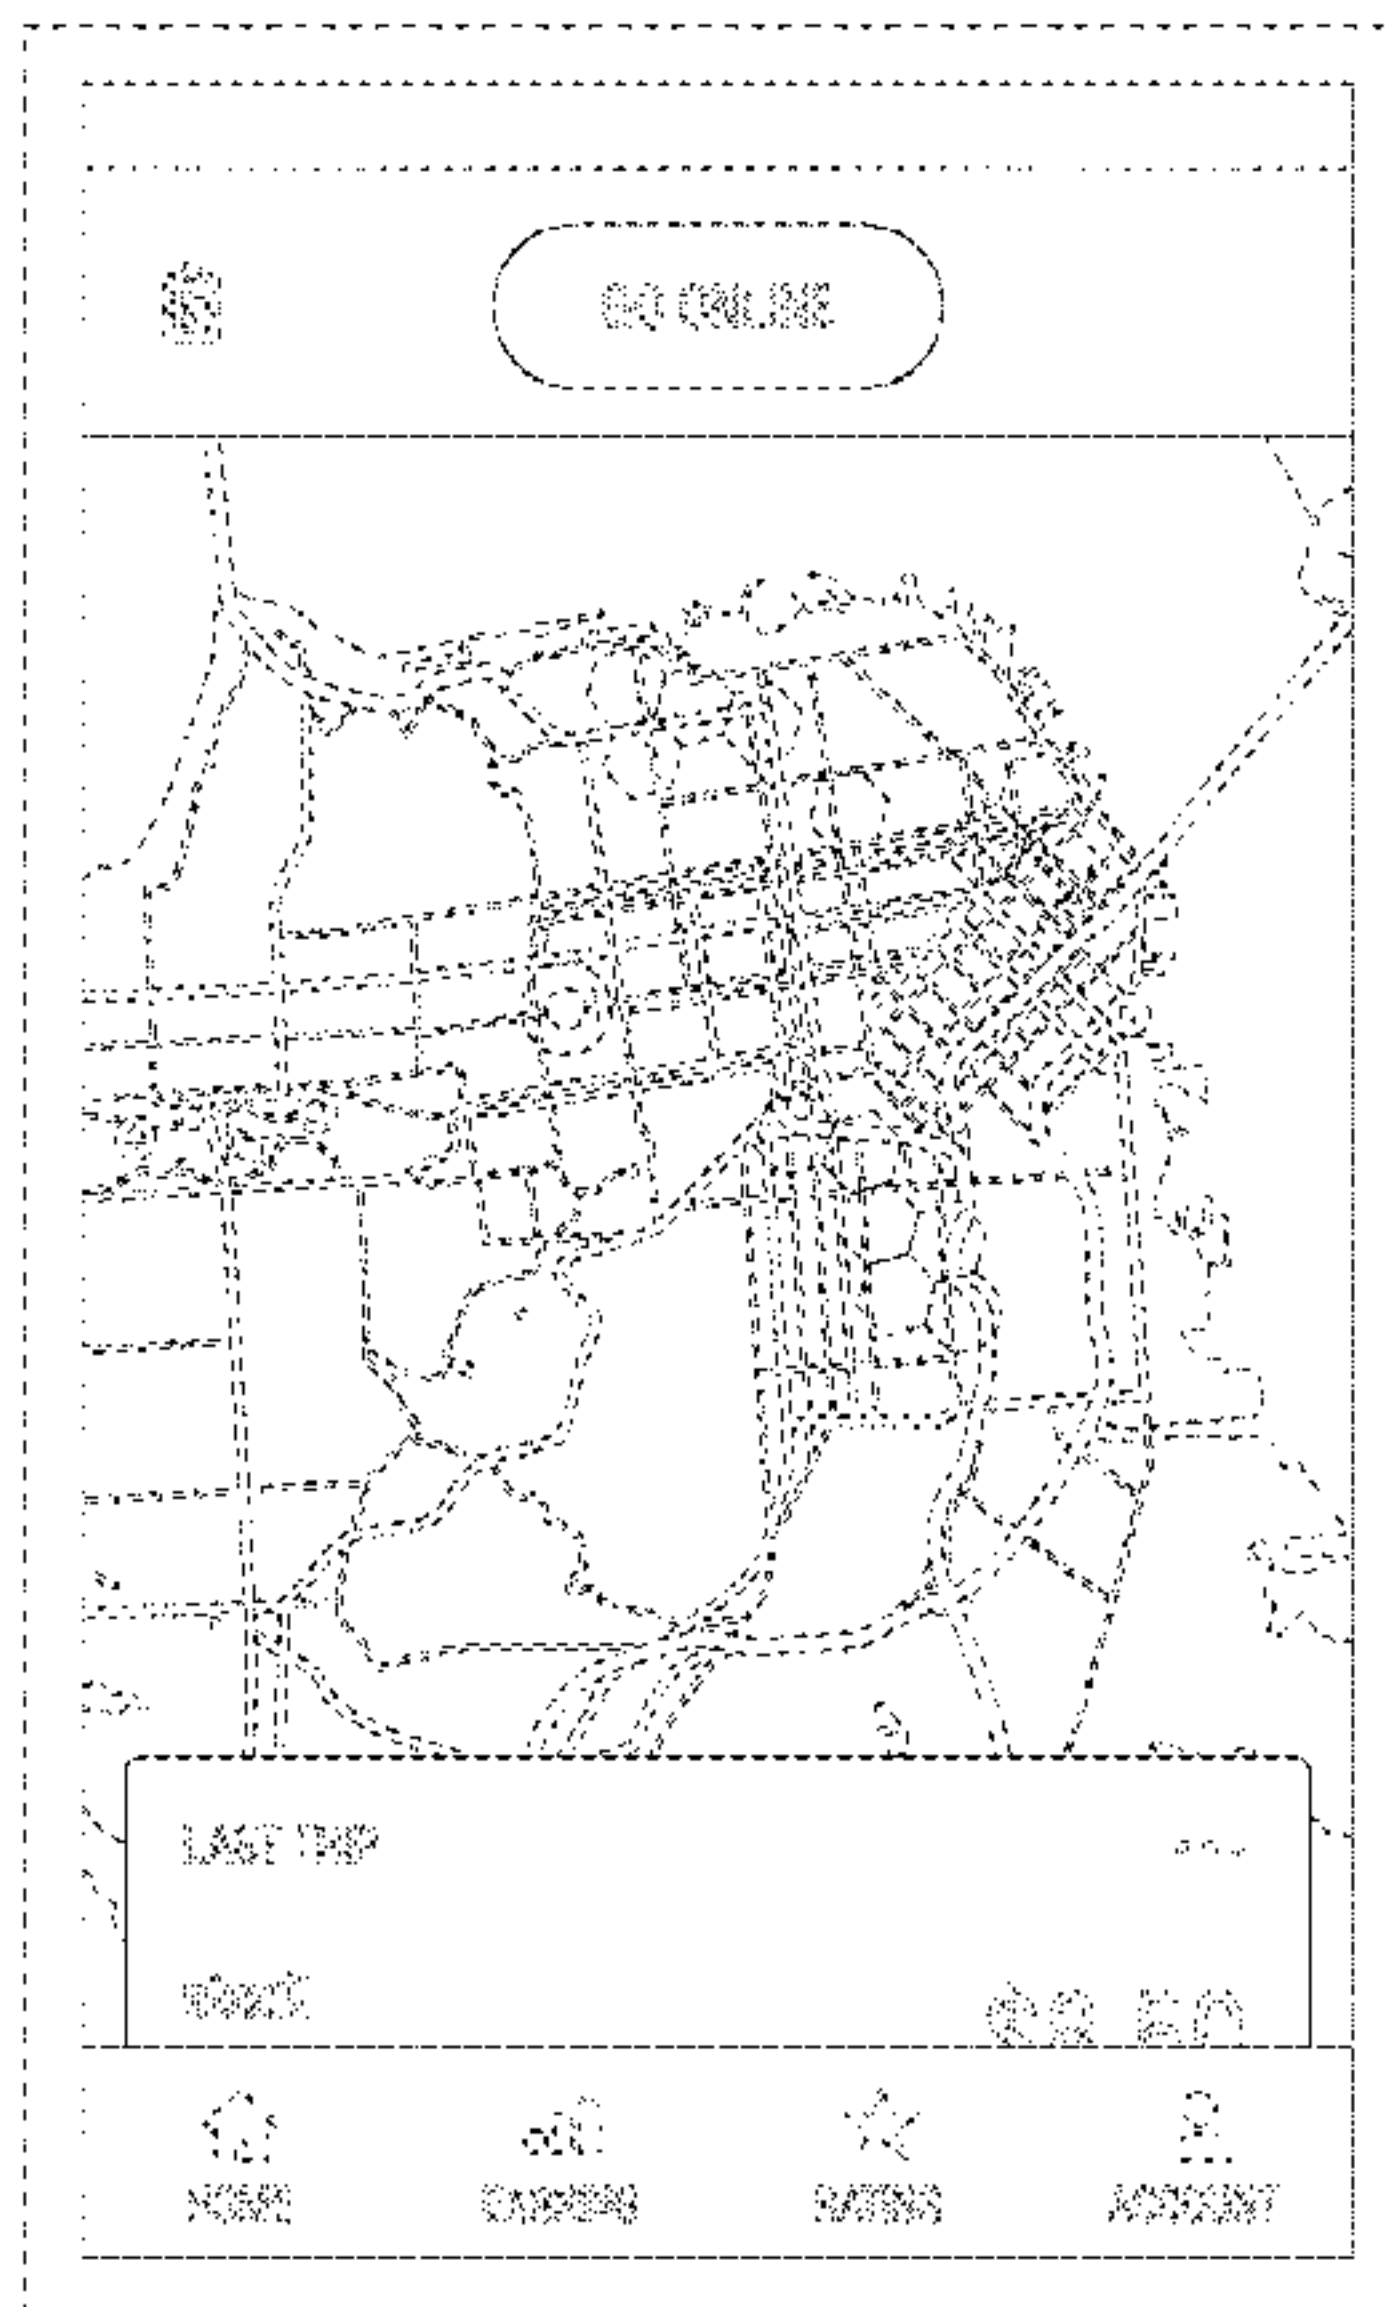

The ornamental design for a display screen of a computing device with transport provider graphical user interface, as shown and described herein.

DESCRIPTION

FIG. 1 is a front view of a display screen of a computing device with transport provider graphical user interface; and, FIG. 2 is a front view of a display screen of a computing device with transport provider graphical user interface, as provided on a portion of a display screen of the computing device of FIG. 1.

The broken lines shown in the drawings are for the purpose of illustrating a display screen of a computing device or a portion thereof, text, and other images, and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
