(57) **CLAIM**

The ornamental design for a tire, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a tire showing our new design, it being understood that the tread is repeated throughout the circumference of the tire, the opposite side perspective being identical thereto, it being understood that the sidewall forms no part of the claimed design;

FIG. 2 is a front elevation view of the embodiment of FIG. 1, the rear elevation being identical thereto;

FIG. 3 is a side elevation view of the embodiment of FIG. 1, the opposite side elevation being identical thereto;

FIG. 4 is a section view taken along line 4-4 of FIG. 2.

FIG. 5 is a perspective view of a tire showing our new design in accordance with another embodiment, it being understood that the tread is repeated throughout the circumference of the tire, the opposite side perspective being identical thereto.

FIG. 6 is a front elevation view of the embodiment of FIG. 5, the opposite side elevation being identical thereto;

FIG. 7 is a side elevation view of the embodiment of FIG. 5, the opposite side elevation being identical thereto;

FIG. 8 is a section view taken along line 8-8 of FIG. 6; and, FIG. 9 is an enlarged view of a portion of the tire of FIG. 6. The broken line showing of a tire body depicts environment and forms no part of the claim.
