(57) **CLAIM**

The ornamental design for display device, as shown and described.

DESCRIPTION

FIGS. 1-7 are front perspective view, front view, rear view, left view, right view, top plan view, and bottom plan view of an embodiment of a display device, such as a head mounted display, a virtual reality display, an augmented reality display, or a mixed reality display, in accordance with our new design.

The broken lines immediately adjacent the claimed areas represent the bounds of the claimed design while all other broken lines are directed to environment and are for illustrative purposes only. The broken lines form no part of the claimed design.
