(57) **CLAIM**

An ornamental design for a display screen with a graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen with a graphical user interface showing an image of our new design.

The broken dot-dashed lines showing a perimeter of a display screen are included for purposes of illustrating an interface environment, and form no part of the claimed design. The horizontal broken lines within the solid line icons, with the exception of the lines from the center icon to the three circles, are part of the claimed design. The remaining broken lines, including the broken lines showing a display screen or portion thereof, lines, text, arrows, path of arrows, the lines from the center icon to the three circles, form no part of the claimed design.
