(57) **CLAIM**

The ornamental design for front and rear position navigation  
light, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a forward position navigation  
light showing my new design;

FIG. 2 is a front elevational view of the forward position  
navigation light;

FIG. 3 is a back elevational view of the forward position  
navigation light;

FIG. 4 is a left side elevational view of the forward position  
navigation light;

FIG. 5 is a right side elevational view of the forward position  
navigation light;

FIG. 6 is a top plan view of the forward position navigation  
light;

FIG. 7 is a bottom plan view of the forward position  
navigation light;

FIG. 8 is a perspective view of a rear position navigation  
light showing my new design;

FIG. 9 is a front elevational view of the rear position  
navigation light;

FIG. 10 is a back elevational view of the rear position  
navigation light;

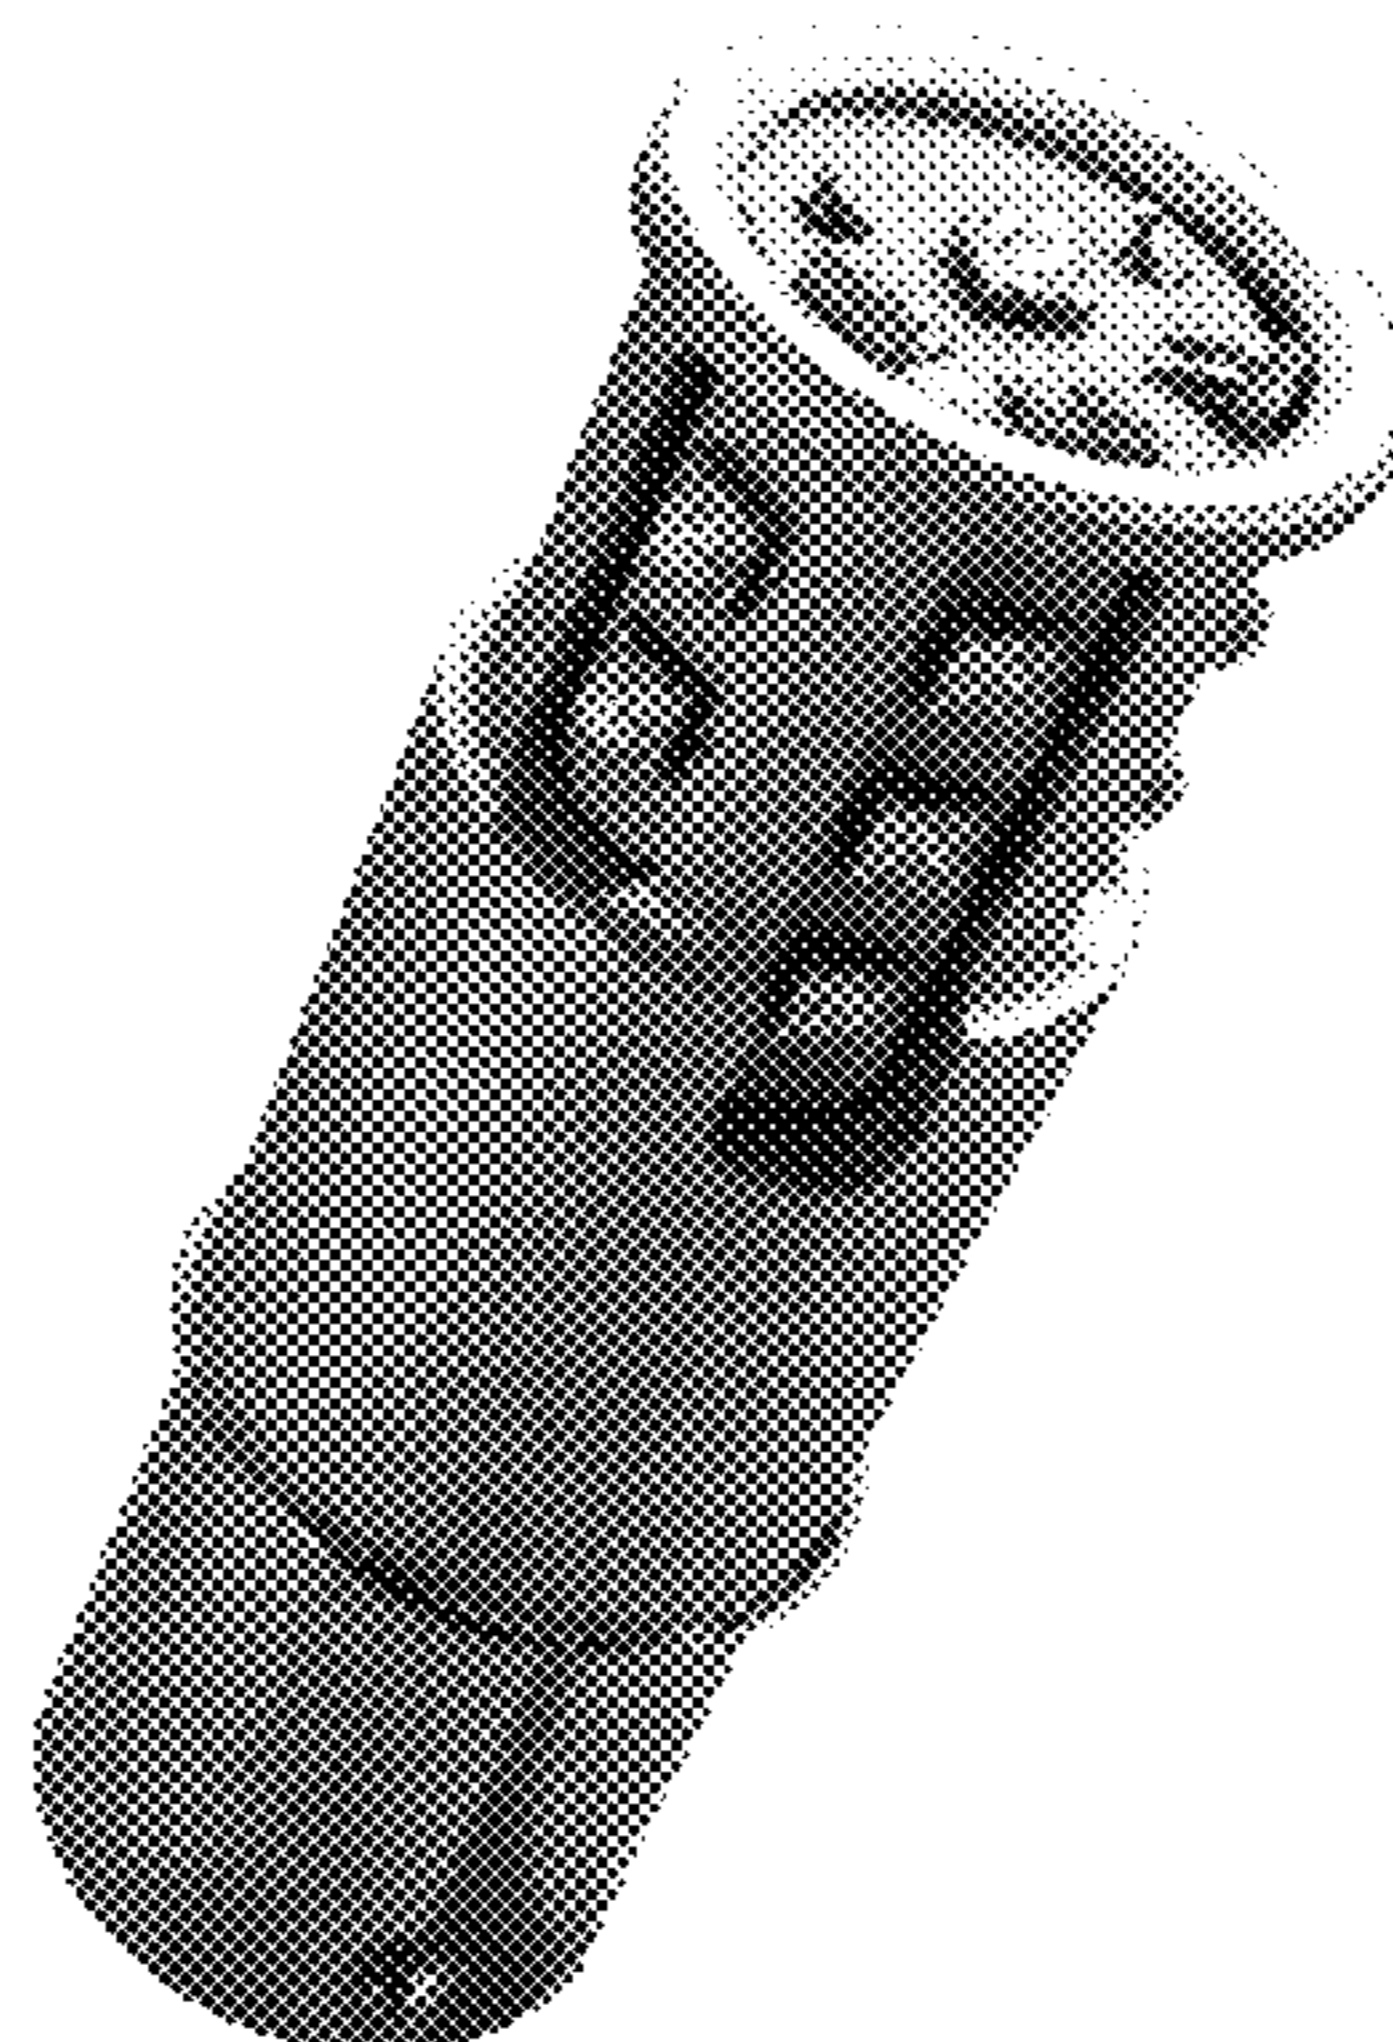

FIG. 11 is a left side elevational view of the rear position  
navigation light;

FIG. 12 is a right side elevational view of the rear position  
navigation light;

FIG. 13 is a top plan view of the rear position navigation  
light; and,

FIG. 14 is a bottom plan view of the rear position navigation  
light.
