(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display screen with graphical user interface, showing our new design. The outermost dual set of broken lines with rounded corners illustrate an electronic device. The single broken line with sharp corners illustrates a display screen. The remainder of the broken lines illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
