(57) **CLAIM**

The ornamental design for a phone case with attachable wireless communication module, as shown.

DESCRIPTION

FIG. 1 is a front, right-side, and bottom perspective view of a phone case with attachable wireless communication module showing our new design;

FIG. 2 is a rear, left-side, and bottom perspective view thereof;

FIG. 3 is a front view thereof showing the phone case component separately for clarity of disclosure;

FIG. 4 is a rear view thereof showing the phone case component separately for clarity of disclosure;

FIG. 5 is a right-side view thereof showing the phone case component separately for clarity of disclosure;

FIG. 6 is a left-side view thereof showing the phone case component separately for clarity of disclosure;

FIG. 7 is a bottom view thereof showing the phone case component separately for clarity of disclosure;

FIG. 8 is a top view thereof showing the phone case component separately for clarity of disclosure;

FIG. 9 is a front, right-side, and bottom perspective view thereof showing the phone case component separately for clarity of disclosure;

FIG. 10 is a rear, left-side, and bottom perspective view thereof showing the phone case component separately for clarity of disclosure;

FIG. 11 is a front view thereof showing the attachable wireless communication module component separately for clarity of disclosure;

FIG. 12 is a rear view thereof showing the attachable wireless communication module separately for clarity of disclosure;

(Continued)

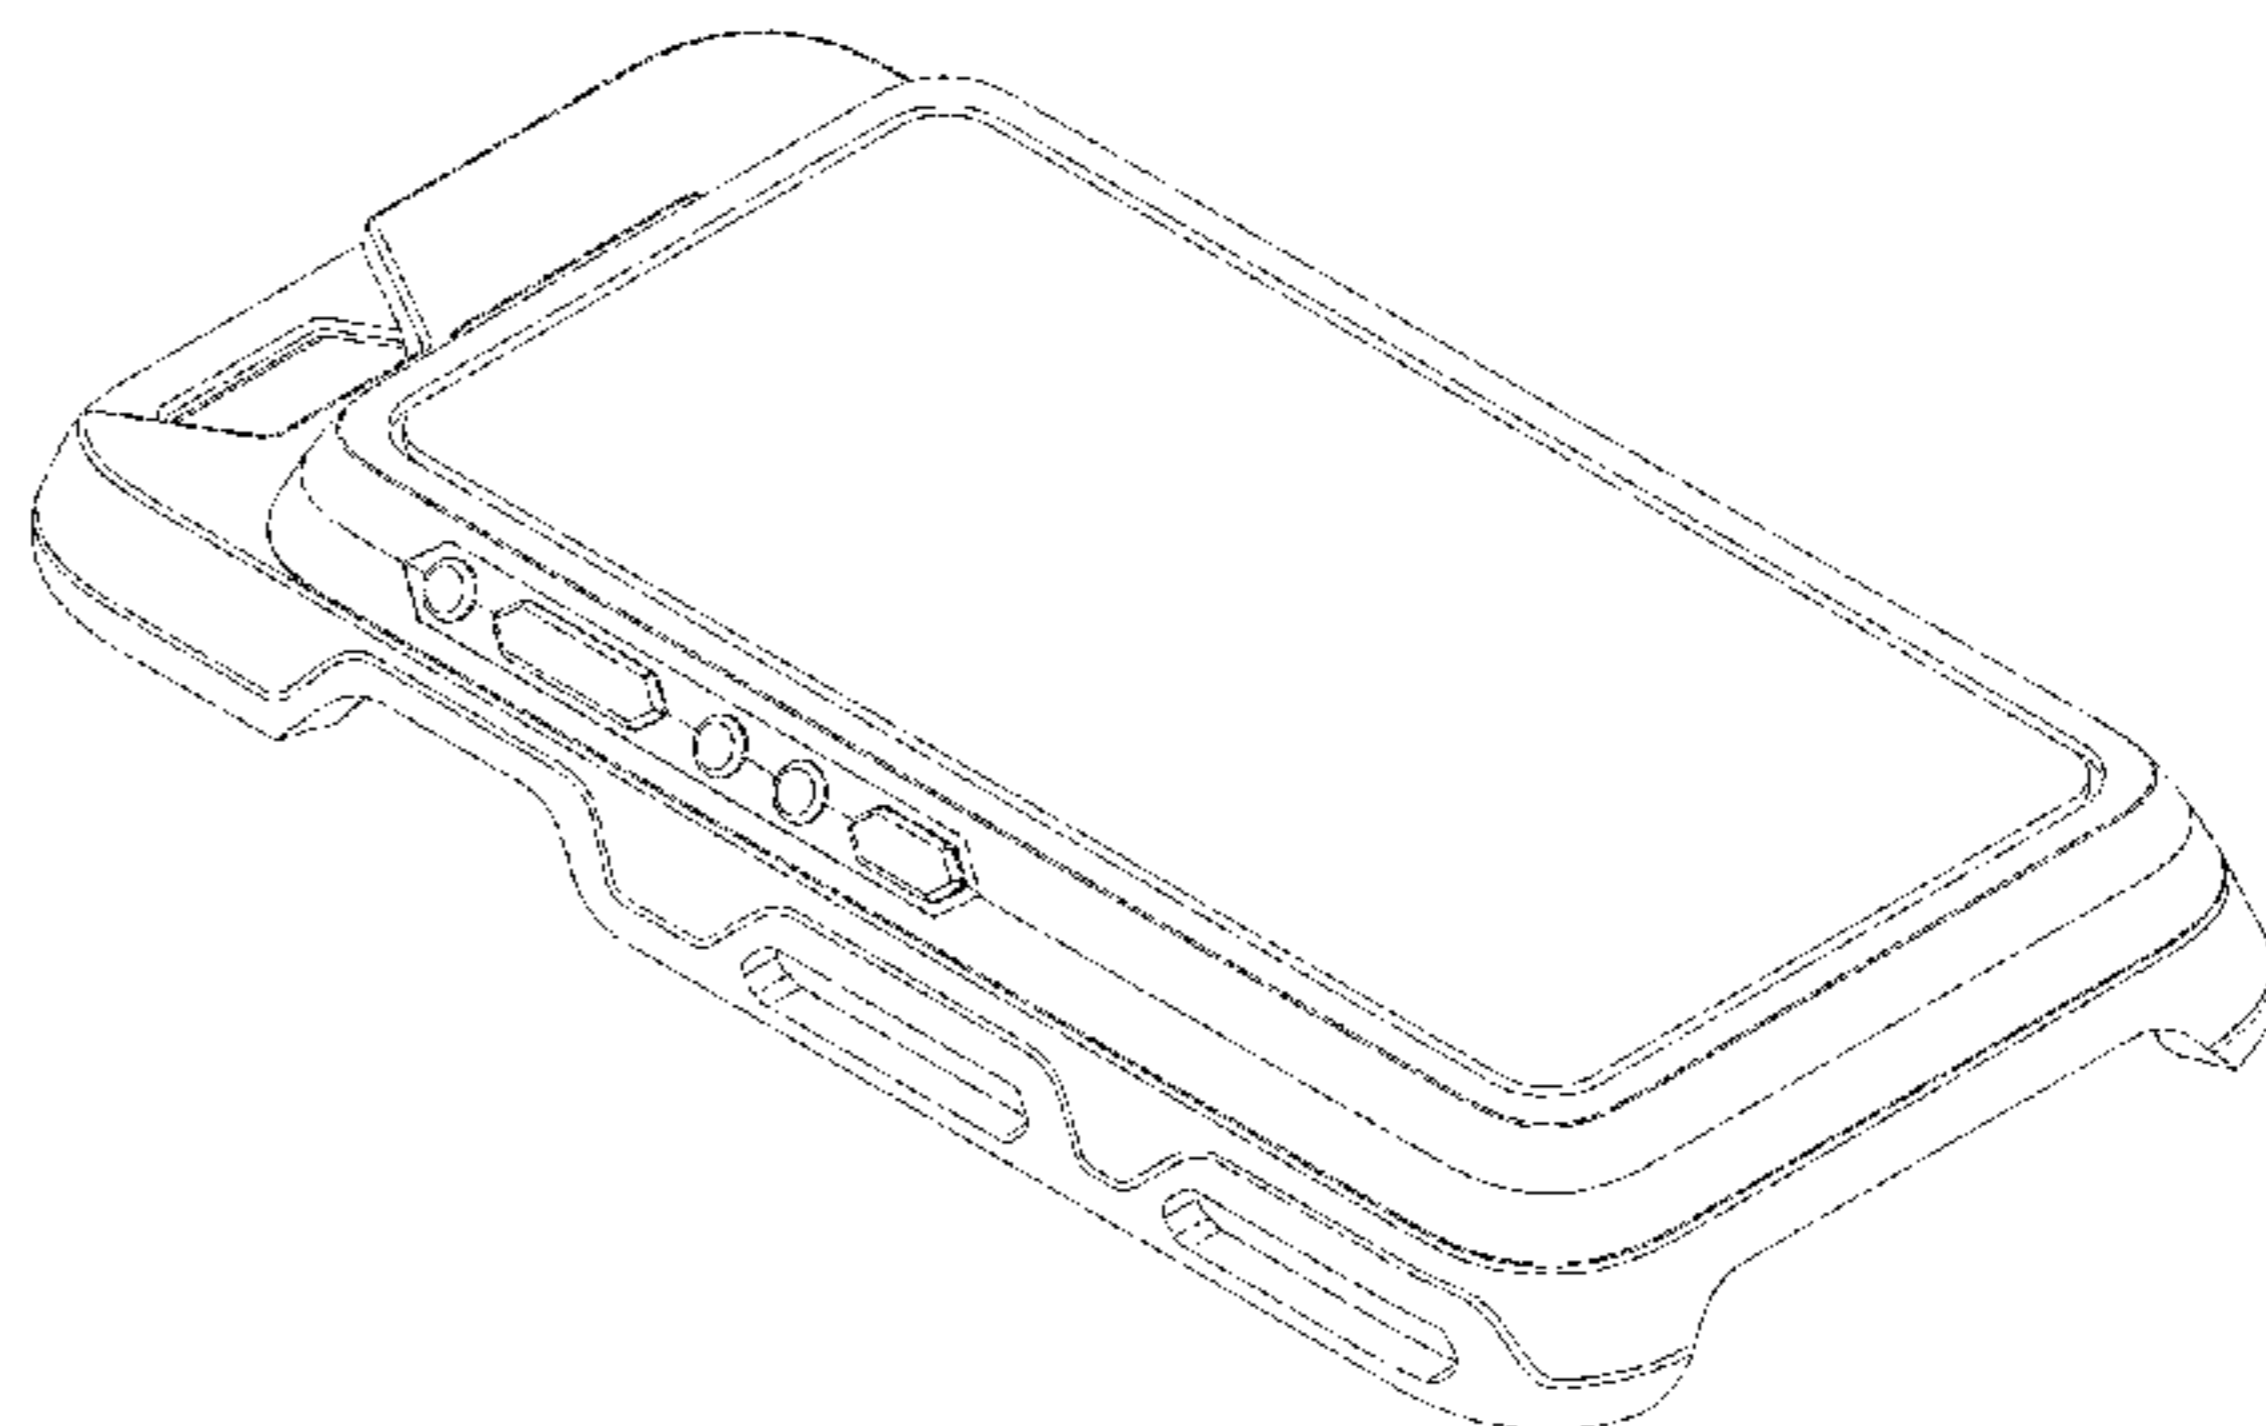

FIG. 13 is a right-side view thereof showing the attachable wireless communication module separately for clarity of disclosure;

FIG. 14 is a left-side view thereof showing the attachable wireless communication module separately for clarity of disclosure;

FIG. 15 is a bottom view thereof showing the attachable wireless communication module separately for clarity of disclosure;

FIG. 16 is a top view thereof showing the attachable wireless communication module separately for clarity of disclosure;

FIG. 17 is a front, right-side, and bottom perspective view thereof showing the attachable wireless communication module separately for clarity of disclosure; and,

FIG. 18 is a rear, right-side, and bottom perspective view thereof showing the attachable wireless communication module separately for clarity of disclosure.

Although the phone case with attachable wireless communication module in which the claimed design is embodied consists of a phone case component and an attachable wireless communication module component, the claim is directed to the ornamental appearance of the phone case with attachable wireless communication module in its entirety and does not extend to the ornamental appearance of each of the individual components of the phone case with attachable wireless communication module.

1 Claim, 18 Drawing Sheets
