(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

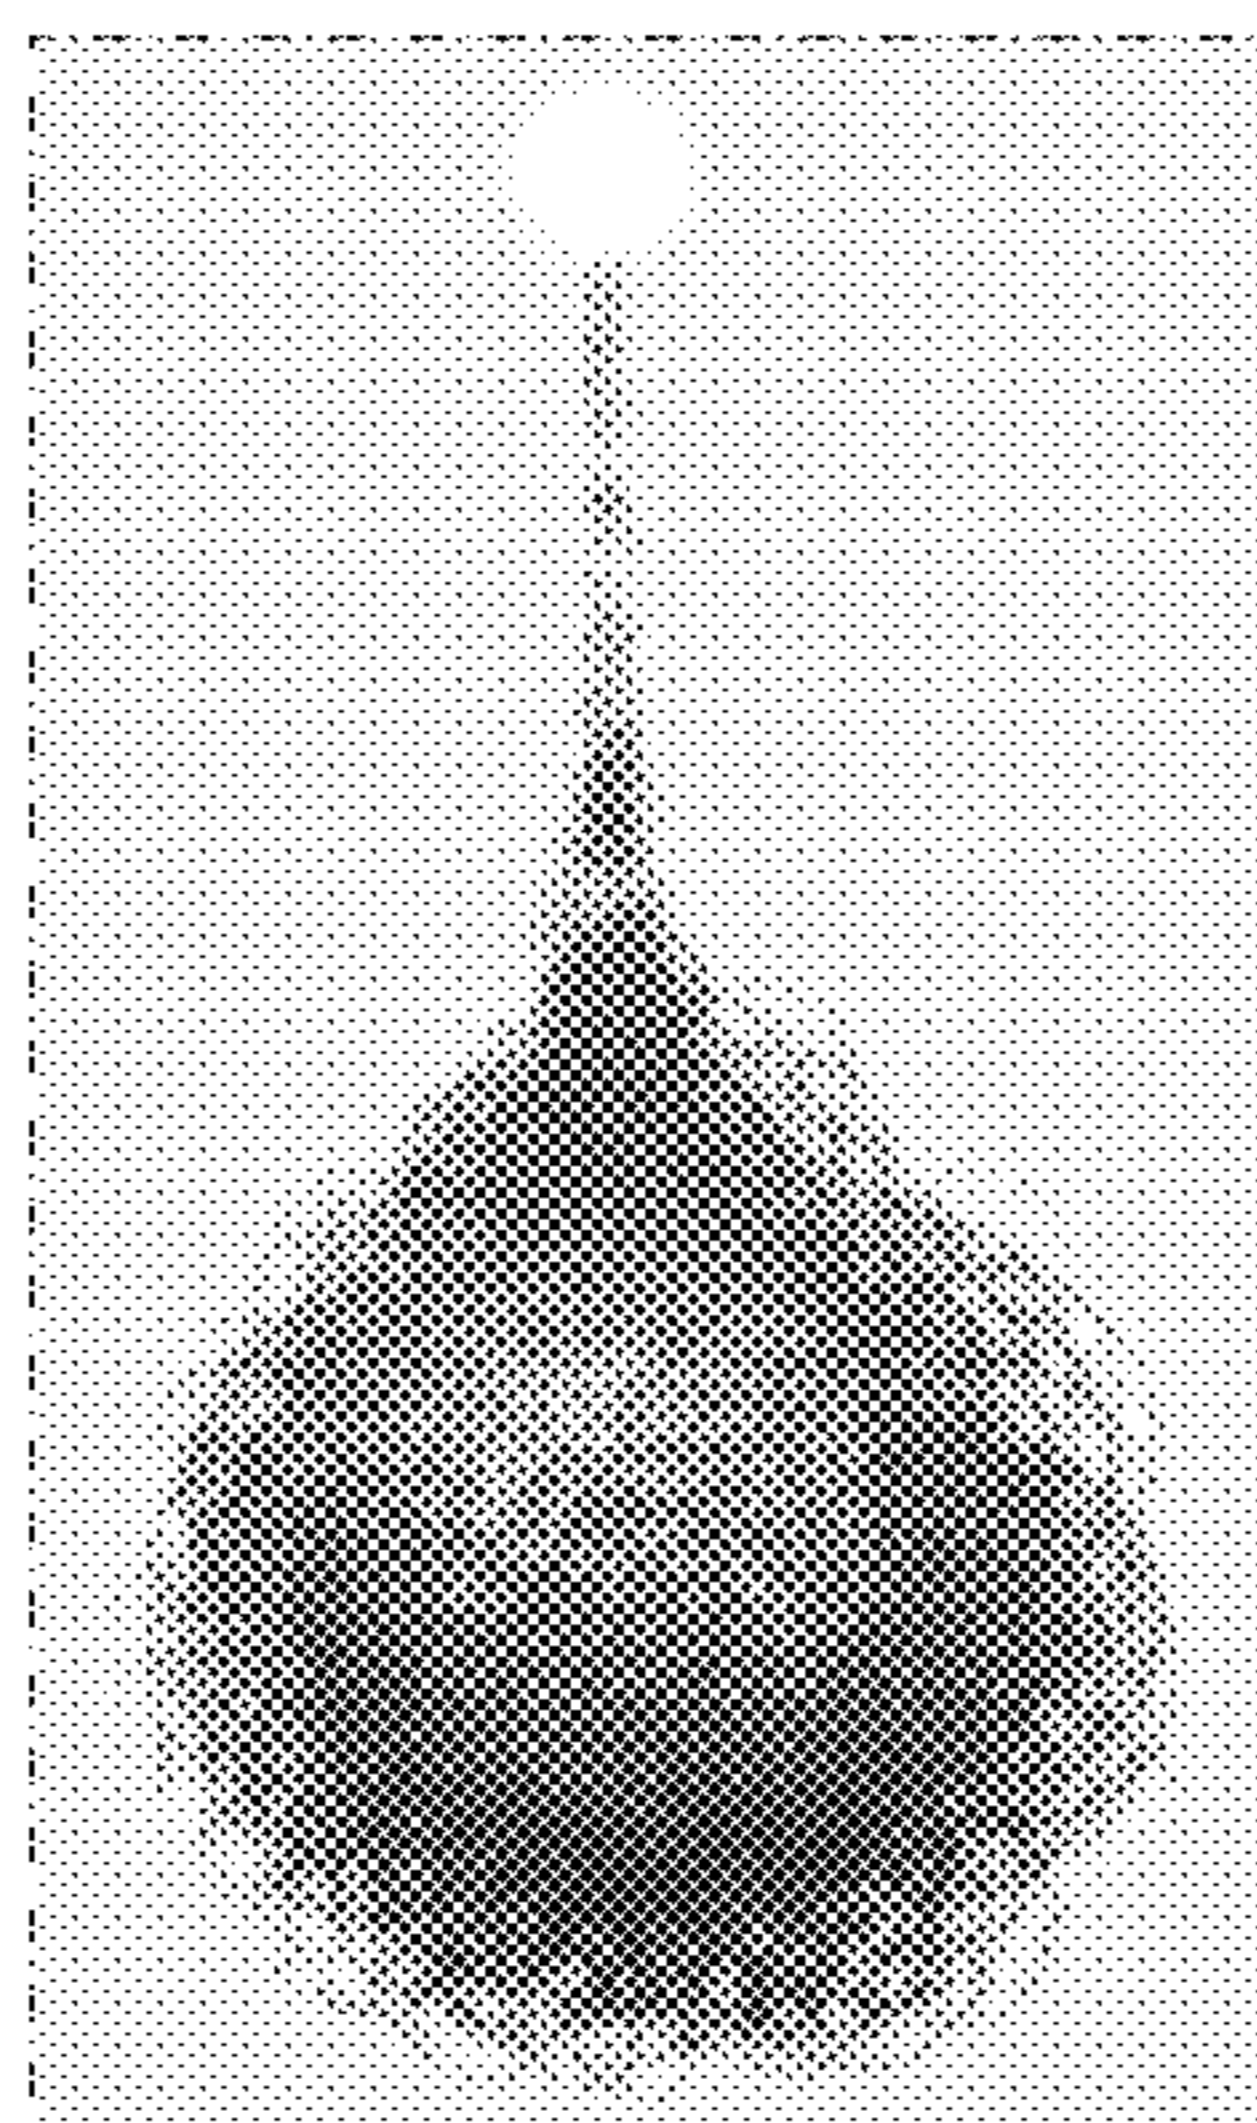

DESCRIPTION

FIG. 1 is a display screen or portion thereof with graphical user interface according to a first embodiment of my design; and,

FIG. 2 is a display screen or portion thereof with graphical user interface according to a second embodiment of my design.

The dash-dot broken line showing of a display screen or portion thereof do not form no part of the claimed design. The even broken lines shown in FIG. 2 demarcate a boundary wherein only the portions of the graphical user interface within said broken lines form part of the claimed design. The even broken lines and the portions of the graphical user interface beyond or outside the even broken lines do not form part of the claimed design.
