(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen with graphical user interface of a first embodiment showing our new design;

FIG. 2 is a front view of a display screen with graphical user interface of a second embodiment thereof;

FIG. 3 is a front view of a display screen with graphical user interface of a third embodiment thereof;

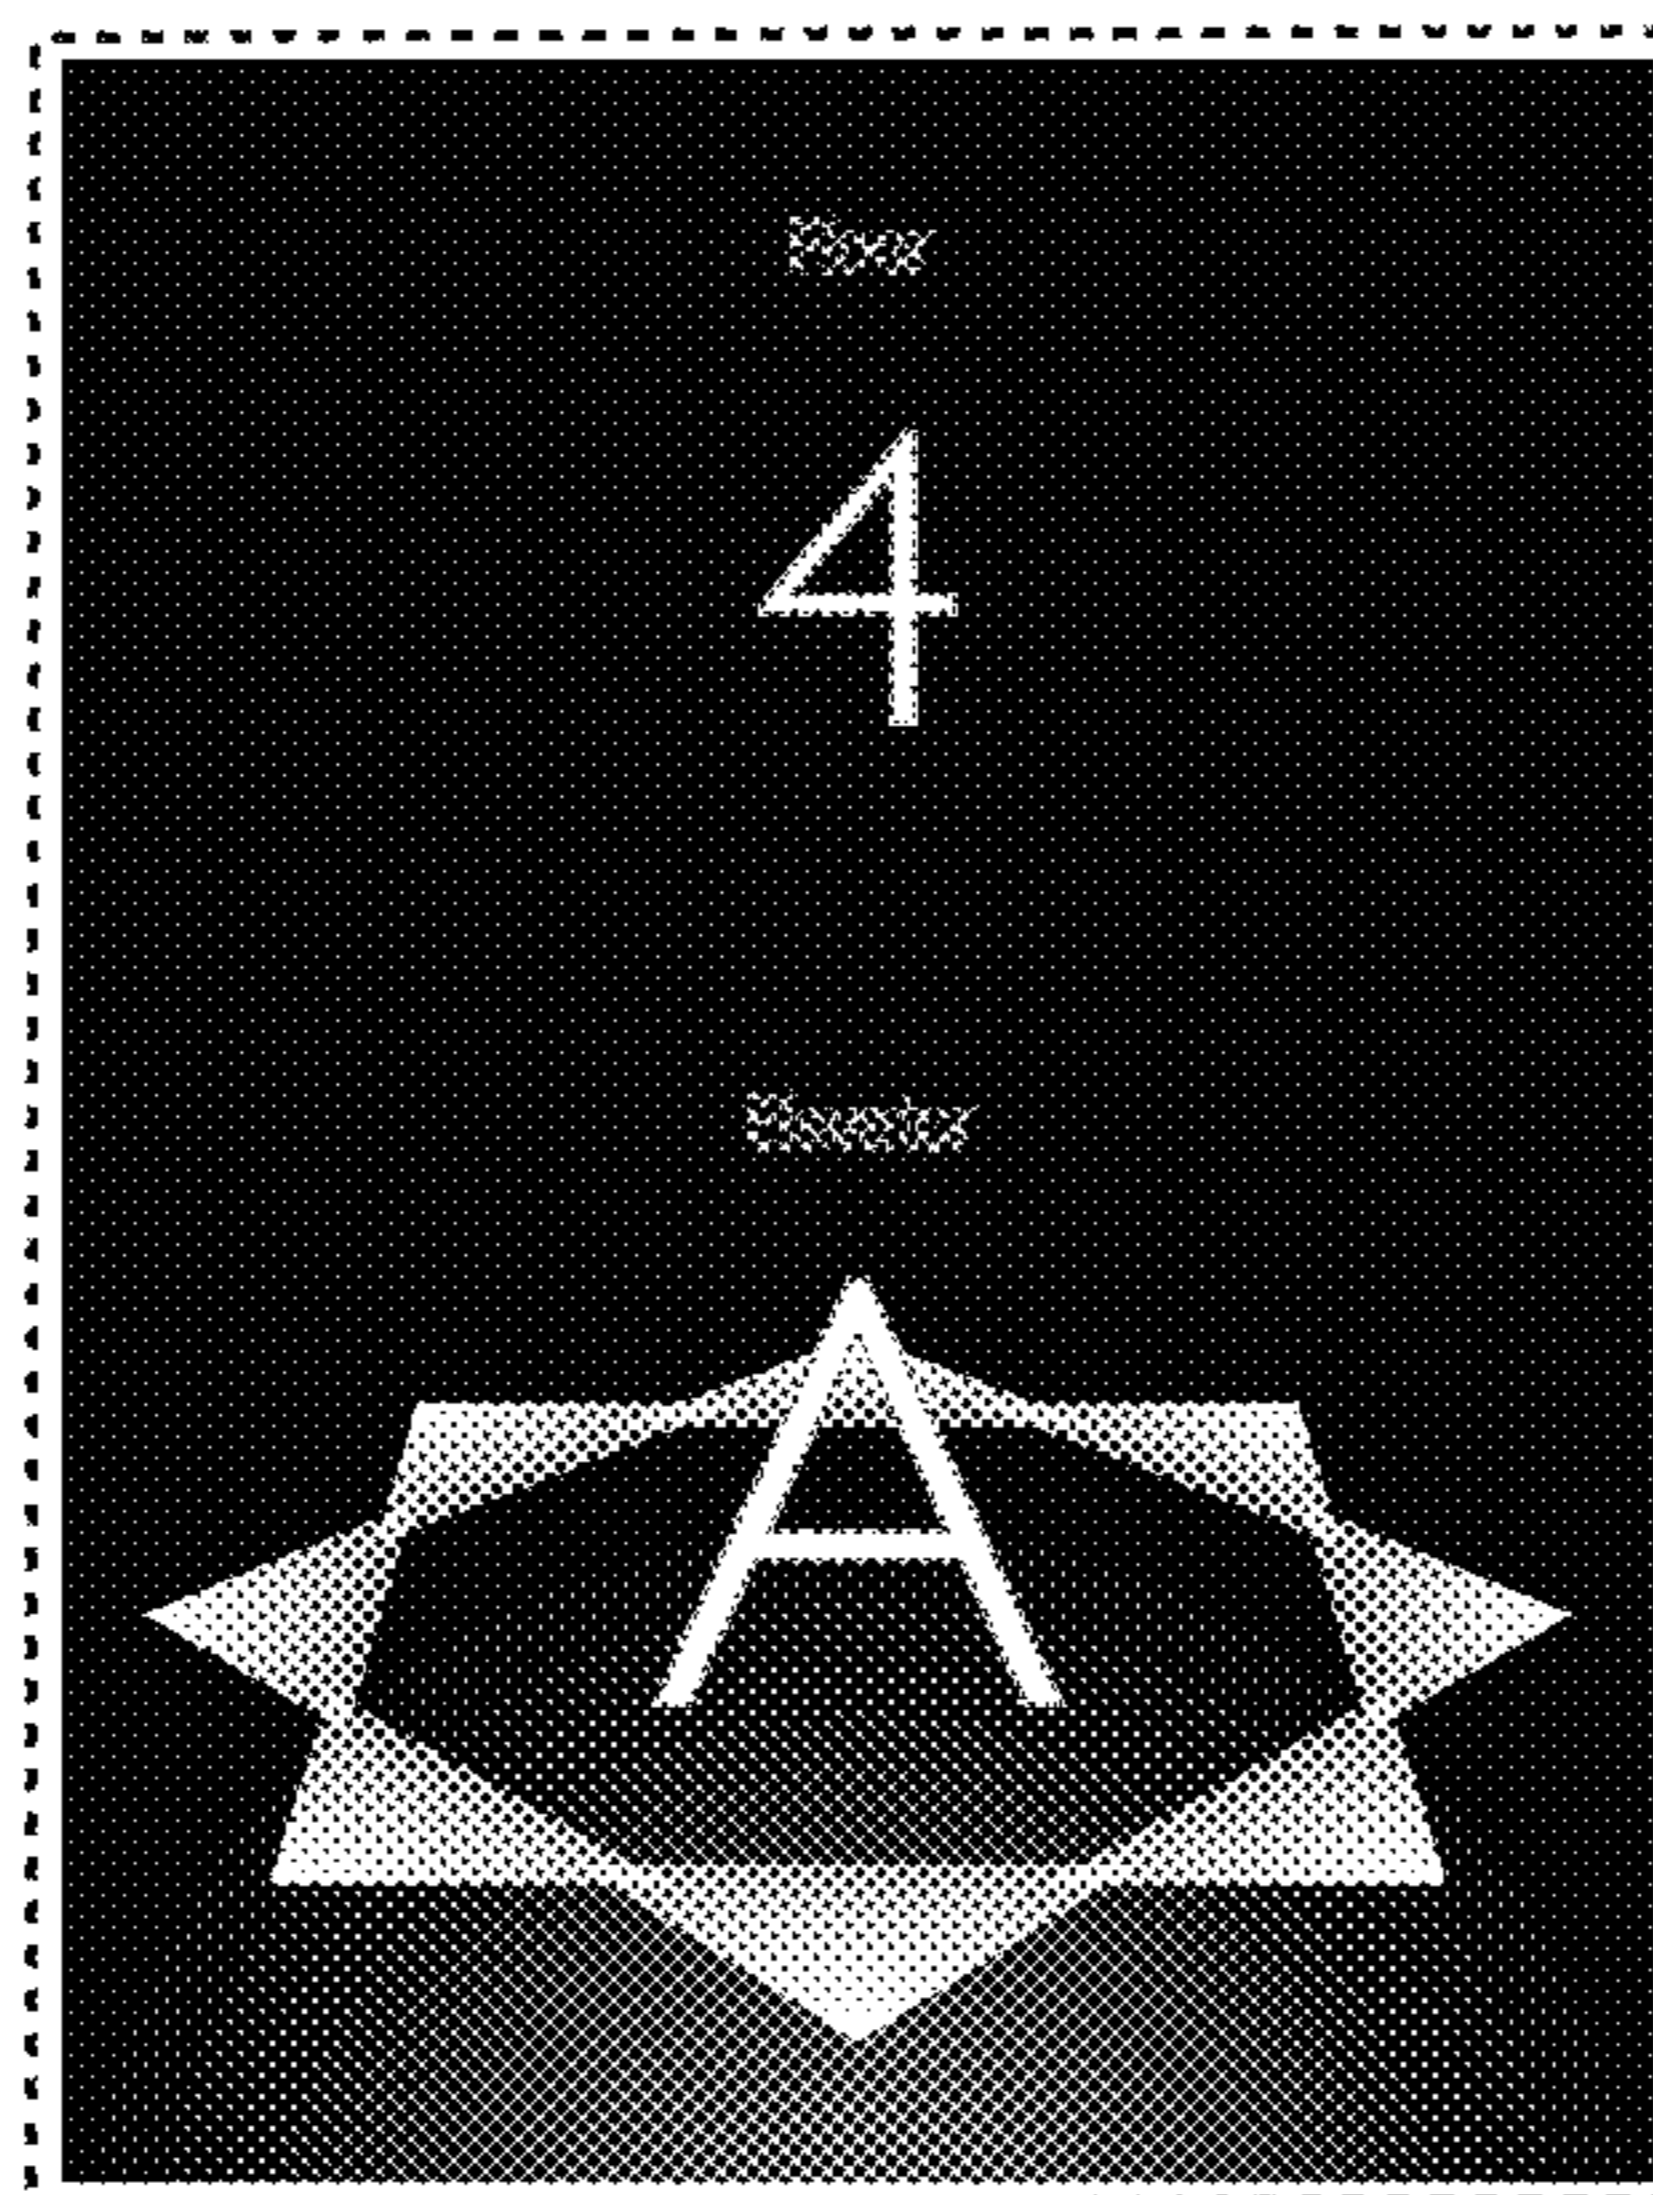

FIG. 4 is a front view of a display screen with graphical user interface of a fourth embodiment thereof;

FIG. 5 is a front view of a display screen with graphical user interface of a fifth embodiment thereof; and,

FIG. 6 is a front view of a display screen with graphical user interface of a sixth embodiment thereof.

The broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article, and form no part of the claimed design.

1 Claim, 6 Drawing Sheets
