(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a display screen with a graphical user interface showing one image of the new design; and, FIG. 2 is a front view of the display screen with a graphical user interface showing a second image of the new design. The appearance of the transitional image sequentially transitions between the images seen in FIGS. 1 and 2. The process or period in which one image transitions to another image forms no part of the claimed design. The broken line showing of a display screen with a graphical user interface is included for the purpose of illustrating portions of the article and forms no part of the claimed design.
