FIG. 1 is a front elevation view of a first embodiment of a mobile communication terminal with graphical user interface showing our new design;

FIG. 2 is a front elevation view of a second embodiment of the mobile communication terminal with graphical user interface;

FIG. 3 is a front elevation view of a third embodiment of the mobile communication terminal with graphical user interface; and,

FIG. 4 is a front elevation view of a fourth embodiment of the mobile communication terminal with graphical user interface.

See application file for complete search history.

The broken lines shown in the drawings are included for purposes of illustrating portions of the mobile communication terminal with graphical user interface and form no part of the claimed design.
