(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface for a messaging application, as shown and described.

(56) **References Cited**

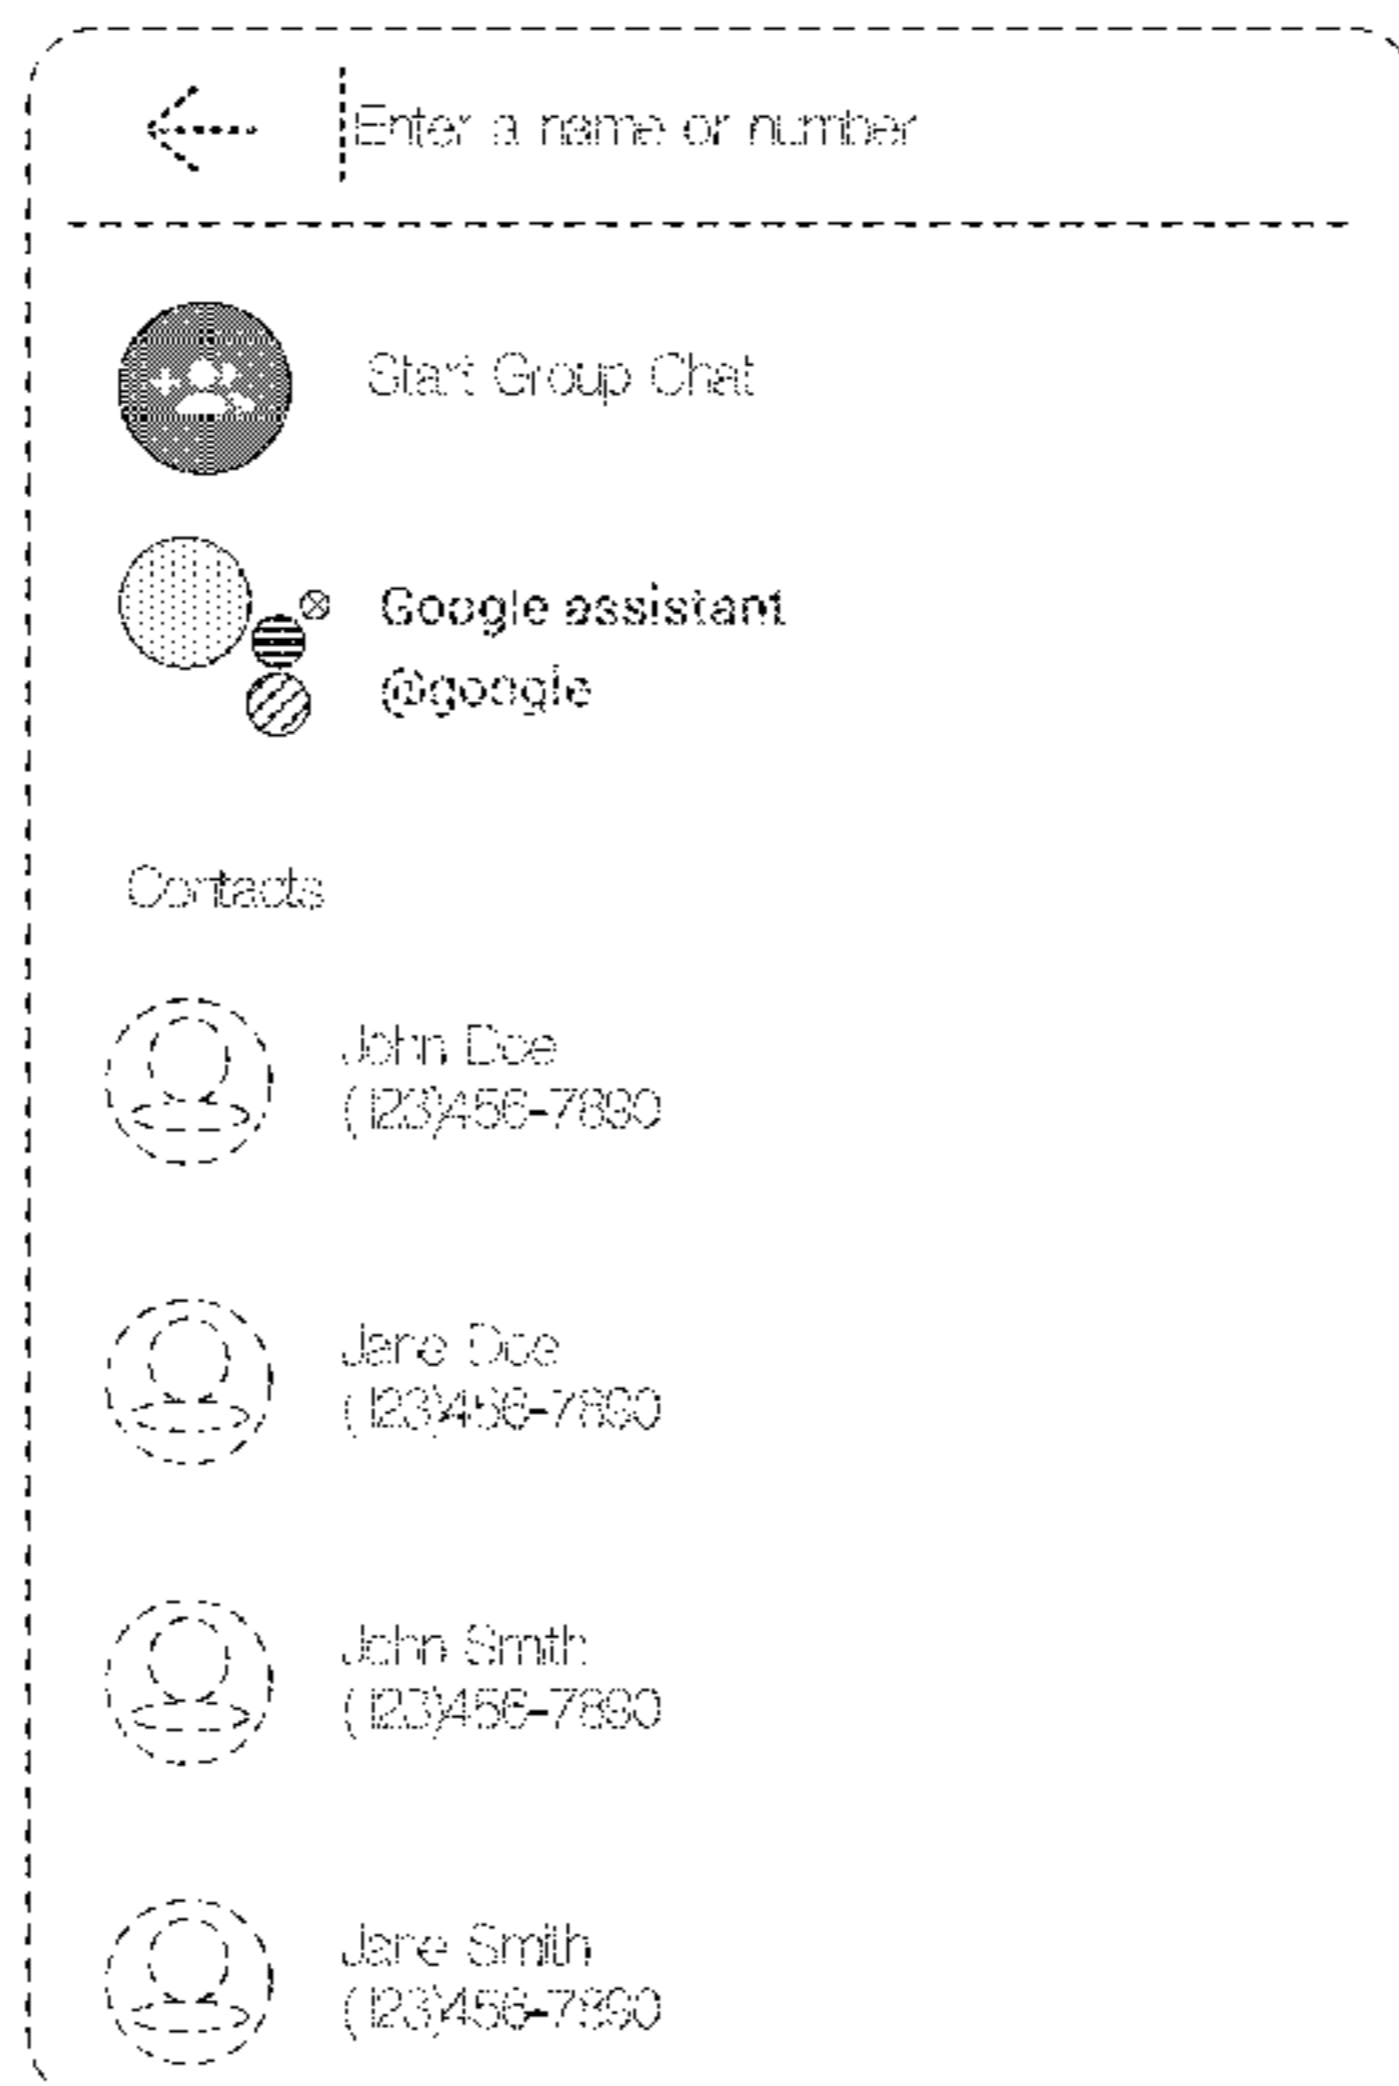

**DESCRIPTION**

**U.S. PATENT DOCUMENTS**

FIG. 1 is a front view of a first image of a first embodiment of a display screen with a graphical user interface for a messaging application; and, FIG. 2 is a front view of a second image of a second embodiment of a display screen with a graphical user interface for a messaging application. The broken lines are environmental only and form no part of the claimed design. The outer rectangle in broken lines is included to show a portion of an example display screen and forms no part of the claimed design.
