(57) **CLAIM**

The ornamental design for a pump and cartridge set for a portable patient infusion system, as shown and described.

**DESCRIPTION**

FIG. 1 is a top view of a pump and cartridge set for a portable patient infusion system showing the new design; FIG. 2 is a left side view thereof; FIG. 3 is a right side view thereof; FIG. 4 is a front view thereof; FIG. 5 is a rear view thereof; FIG. 6 is a bottom view thereof; FIG. 7 is a top perspective view thereof; FIG. 8 is a top view thereof with the cartridge taken out of the pump; FIG. 9 is a left side view thereof; FIG. 10 is a right side view thereof; FIG. 11 is a front view thereof; FIG. 12 is a rear view thereof; FIG. 13 is a bottom view thereof; and, FIG. 14 is a top perspective view thereof. The broken lines (dash-dot-dash) in the drawings showing an infusion tube and an infusion set depict environment and form no part of the claimed design. All other broken lines (dash-dash lines showing a pump chassis overmold visible in the pump opening when the cartridge is taken out of the pump in FIG. 12, and showing a locking tab visible in the pump opening when the cartridge is taken out of the pump in FIG. 13) depict portions of the pump and cartridge set for a portable patient infusion system that form no part of the claimed design.
