(57) **CLAIM**

The ornamental design for dental abutment, as shown and described herein.

DESCRIPTION

FIG. 1 is a top perspective view of a first embodiment of a dental abutment embodying the new design.

FIG. 2 is a front view thereof. The rear view thereof is identical to the front view.

FIG. 3 is a first side view thereof.

FIG. 4 is a second side view thereof.

FIG. 5 is a top view thereof.

FIG. 6 is a bottom view thereof.

FIG. 7 is a bottom perspective view thereof.

FIG. 8 is a top perspective view of a second embodiment of a dental abutment embodying the new design.

FIG. 9 is a front view thereof. The rear view thereof is identical to the front view.

FIG. 10 is a first side view thereof.

FIG. 11 is a second side view thereof.

FIG. 12 is a top view thereof.

FIG. 13 is a bottom view thereof; and,

FIG. 14 is a bottom perspective view thereof.

All features in broken lines are for the purpose of illustrating environmental structure and form no part of the claimed subject matter. Additional color and texture may or may not form part of the claimed design without departing from the design disclosed. The inventors anticipate that the invention can be any part, portion, element, or combination of elements of the depicted design. The addition of further physical elements such as writing, markings, ribs, ridges, textures, and/or dimples are not excluded. Any part, portion, element, or combination of elements of the depicted design or designs which is novel may represent an invention or design for which protection is or may be claimed in the future.

1 Claim, 12 Drawing Sheets
