(57) **CLAIM**

The ornamental design for a combined dresser valet and charging station, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combined dresser valet and charging station showing the new design in an open position; FIG. 2 is a perspective view, closed position of the combined dresser valet and charging station of FIG. 1; FIG. 3 is a front perspective view, open position of the combined dresser valet and charging station of FIG. 1; FIG. 4 is a front perspective, closed position of the combined dresser valet and charging station of FIG. 1; FIG. 5 is a right side elevational view, open position of the combined dresser valet and charging station of FIG. 1; FIG. 6 is a top plan view, open position of the combined dresser valet and charging station of FIG. 1; FIG. 7 is a back side elevational view, closed position of the combined dresser valet and charging station of FIG. 1; FIG. 8 is a bottom side elevational view, closed position of the combined dresser valet and charging station of FIG. 1; and, FIG. 9 is a left side elevational view, open position of the combined dresser valet and charging station of FIG. 1. In FIGS. 1-9 the broken-line disclosure of elements is understood to represent portions of the article in which the design is embodied, but which form no part of the claimed design.
