(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image in a sequence for a display screen with transitional graphical user interface showing the new design; FIG. 2 is a second image in the sequence thereof; FIG. 3 is a third image in the sequence thereof; FIG. 4 is a fourth image in the sequence thereof; FIG. 5 is a fifth image in the sequence thereof; FIG. 6 is a sixth image in the sequence thereof; and, FIG. 7 is a seventh image in the sequence thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-7. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken lines showing a mobile phone are included for the purpose of illustrating environmental structure, and form no part of the claimed design.

The broken lines that illustrate the display screen on the mobile phone show the boundary of the claimed design, and form no part thereof.

1 Claim, 7 Drawing Sheets
