(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing our new design in accordance with a first embodiment.

FIG. 2 is a front view of a display screen or portion thereof with graphical user interface showing our new design in accordance with a second embodiment.

FIG. 3 is an enlarged view of the embodiment of FIG. 1, shown separately for completeness of illustration; and, FIG. 4 is an enlarged view of the embodiment of FIG. 2, shown separately for completeness of illustration.

The outermost broken line illustrates an electronic device and the broken line at the periphery of the graphical user interface illustrates the display screen of or portion thereof. None of the broken lines form part of the claimed design. The dot-dash lines define the bounds of the claimed design and form no part thereof.

1 Claim, 4 Drawing Sheets
