(57) **CLAIM**

The ornamental design for a television receiver, as shown and described.

DESCRIPTION

1. Television receiver
1.1 is a perspective view.
1.2 is a front view.
1.3 is a back view.
1.4 is a left side view, the right side view being a mirror image thereof.
1.5 is a top view.
1.6 is a bottom view.
1.7 is a reference view showing both main and extra display operating.
1.8 is a reference view showing the main display operating and the extra display off.
1.9 is a reference view showing the extra display operating and the main display off.
This disclosure includes views of the design showing combinations of portions of the screen in an on and off operating state. It is understood that any appearance state not explicitly shown in the disclosure forms no part of the claimed design; the broken lines depict portions of the television receiver that form no part of the claimed design.
