FIG. 1 is a front view of a display screen or portion thereof showing a first image of a graphical user interface.

FIG. 2 is a front view of a display screen or portion thereof showing a second image of the graphical user interface.

FIG. 3 is a front view of a display screen or portion thereof showing a third image of the graphical user interface.

FIG. 4 is a front view of a display screen or portion thereof showing a fourth image of the graphical user interface; and,

FIG. 5 is a front view of a display screen or portion thereof showing a fifth image of the graphical user interface.

The appearance of the graphical user interface of the display screen or portion thereof sequentially transitions between the images shown in FIGS. 1-5. The process or period in which the graphical user interface transitions forms no part of the claimed design.

The outermost dashed broken lines illustrate a display screen or portion thereof. The remaining dashed broken lines, including the sets of small S shaped lines appearing in FIGS. 4 and 5, illustrate portions of a graphical user interface. None of the broken lines form part of the claimed design.
