(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface for vehicle, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with animated graphical user interface showing the first image in a sequence;

FIG. 2 is a front view thereof showing the second image in the sequence;

FIG. 3 is a front view thereof showing the third image in the sequence; and,

FIG. 4 is a front view thereof showing the fourth image in the sequence.

The outermost broken-line perimeter illustrates a display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface and form no part of the claimed design.

The appearance of the display screen with animated graphical user interface sequentially transitions between the images shown in FIGS. 1-4. A process or period in which one image transitions to another forms no part of the claimed design.
