(57) **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a first embodiment of a tire showing our new design, it being understood that the pattern repeats uniformly throughout the circumference of the tread;

FIG. 2 is a front, right perspective view thereof;

FIG. 3 a left side elevational view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is an enlarged front elevational view thereof;

FIG. 6 is a front elevational view of a second embodiment of a tire showing our new design, it being understood that the pattern repeats uniformly throughout the circumference of the tread;

FIG. 7 is a front, right perspective view thereof;

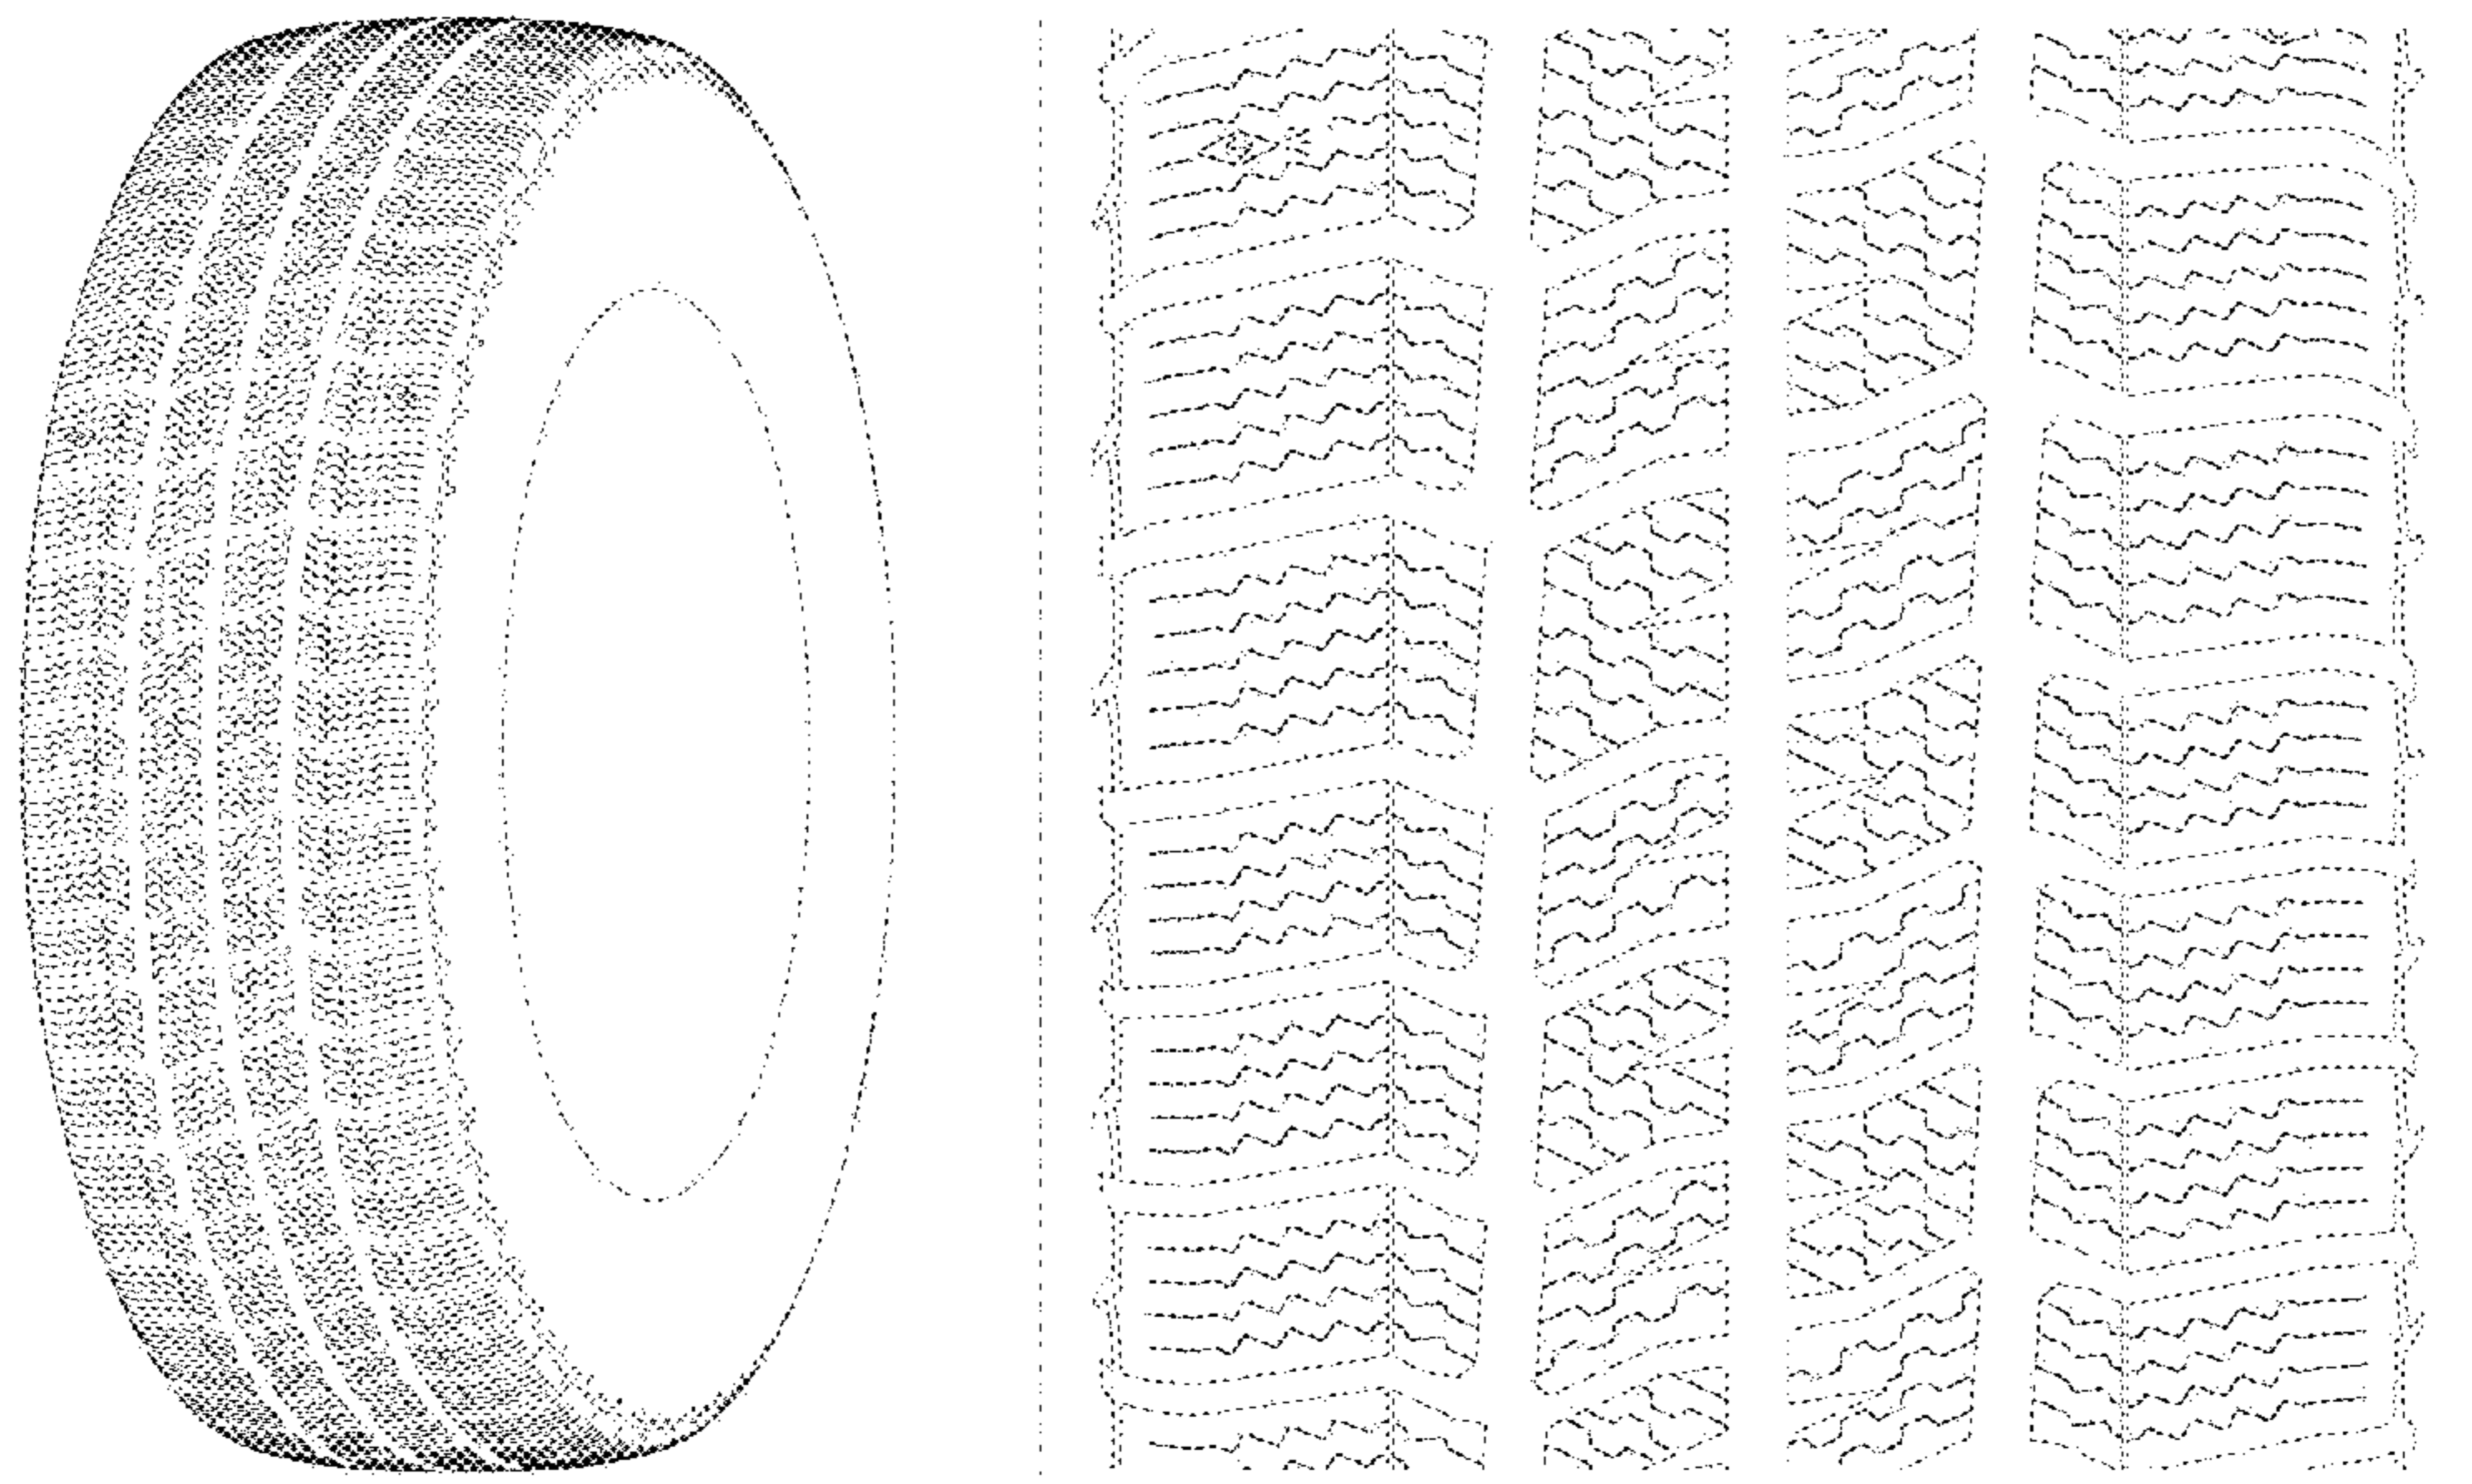

FIG. 8 a left side elevational view thereof;

FIG. 9 is a right side elevational view thereof; and,

FIG. 10 is an enlarged front elevational view thereof.

The broken line showing is intended to show portions of the tire that are not being claimed, and thus form no part of the claimed design.
