(57) **CLAIM**

The ornamental design for a container bag with multiple sealable locks and pockets, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a container bag with multiple sealable locks and pockets showing my new design. FIG. 2 is a front view thereof; and, FIG. 3 is a front view thereof, illustrating that the detachable connection portion between the two pockets has been torn apart to separate the two pockets to form two bags. The broken lines within the connection portions in FIGS. 1 and 2 are perforations and are part of the claimed design.
