(57) **CLAIM**

The ornamental design for a display screen with a set of graphical user interface icons, as shown and described.

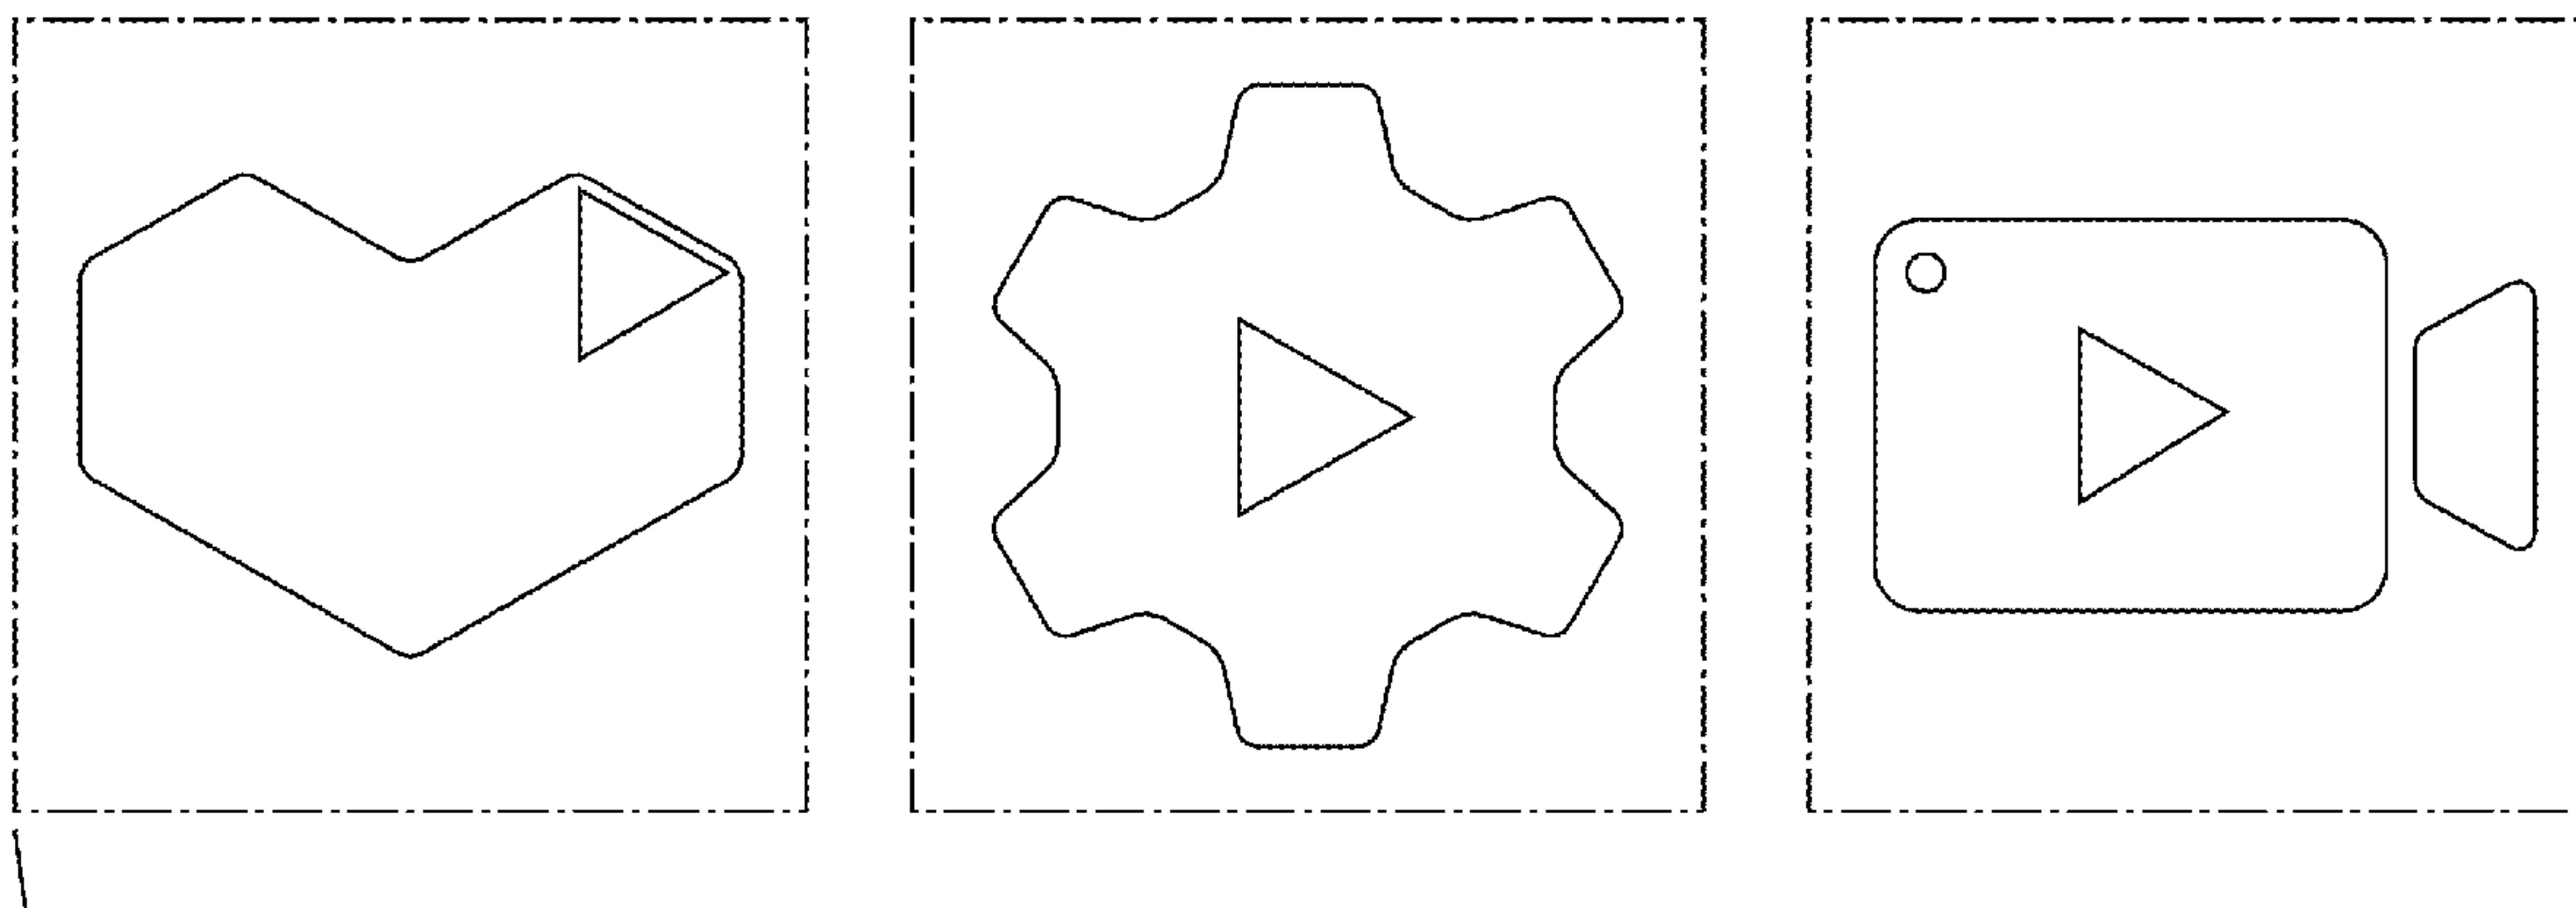

**DESCRIPTION**

FIG. 1 is a front view of a display screen with the set of graphical user interface icons showing the new design; FIG. 2 is a front view of a display screen with the set of graphical user interface icons showing the new design, in an alternate configuration; FIG. 3 is a front view of a display screen with an icon from the set of graphical user interface icons, shown in isolation; FIG. 4 is a front view of a display screen with a second icon from the set of graphical user interface icons, shown in isolation; and, FIG. 5 is a front view of a display screen with a third icon from the set of graphical user interface icons, shown in isolation.

The claim is directed to the collective appearance of the set of icons, but no claim is made to the arrangement or order of the set of graphical user interface icons on the display screen.

The broken lines show the display screen, and form no part of the claimed design.
