(57) **CLAIM**

The ornamental design for a toy with parts having multiple positions, as shown and described.

DESCRIPTION

FIG. 1 is a front left perspective view of a first embodiment showing my new design of a toy with parts having multiple positions, with the ears of design in an open position; FIG. 2 is a front elevational view thereof with the ears of the design in the open position; FIG. 3 is a front elevational view thereof with the ears of the design in an intermediate position; FIG. 4 is a front elevational view thereof with the ears of the design in a closed position; FIG. 5 is a top plan view thereof with the ears of the design in the open position; FIG. 6 is a top plan view thereof with the ears of the design in the intermediate position; FIG. 7 is a top plan view thereof with the ears of the design in the closed position; FIG. 8 is a rear elevational view thereof with the ears of the design in the open position; FIG. 9 is a rear elevational view thereof with the ears of the design in the intermediate position; FIG. 10 is a rear elevational view thereof with the ears of the design in the closed position; FIG. 11 is a right side elevational view thereof with the ears of the design in the open position; FIG. 12 is a right side elevational view thereof with the ears of the design in the intermediate position; FIG. 13 is a right side elevational view thereof with the ears of the design in the closed position; FIG. 14 is a left side elevational view thereof with the ears of the design in the open position; FIG. 15 is a left side elevational view thereof with the ears of the design in the intermediate position; FIG. 16 is a left side elevational view thereof with the ears of the design in the closed position; FIG. 17 is a bottom plan view thereof with the ears of the design in the open position;

(Continued)

FIG. 18 is a bottom plan view thereof with the ears of the design in the intermediate position; and, FIG. 19 is a bottom plan view thereof with the ears of the design in the closed position. The broken lines in FIG. 1 and FIG. 5 through FIG. 19 are for the purposes of illustrating features of the toy and form no part of the claimed design.
