(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen with graphical user interface in an embodiment of the present invention.

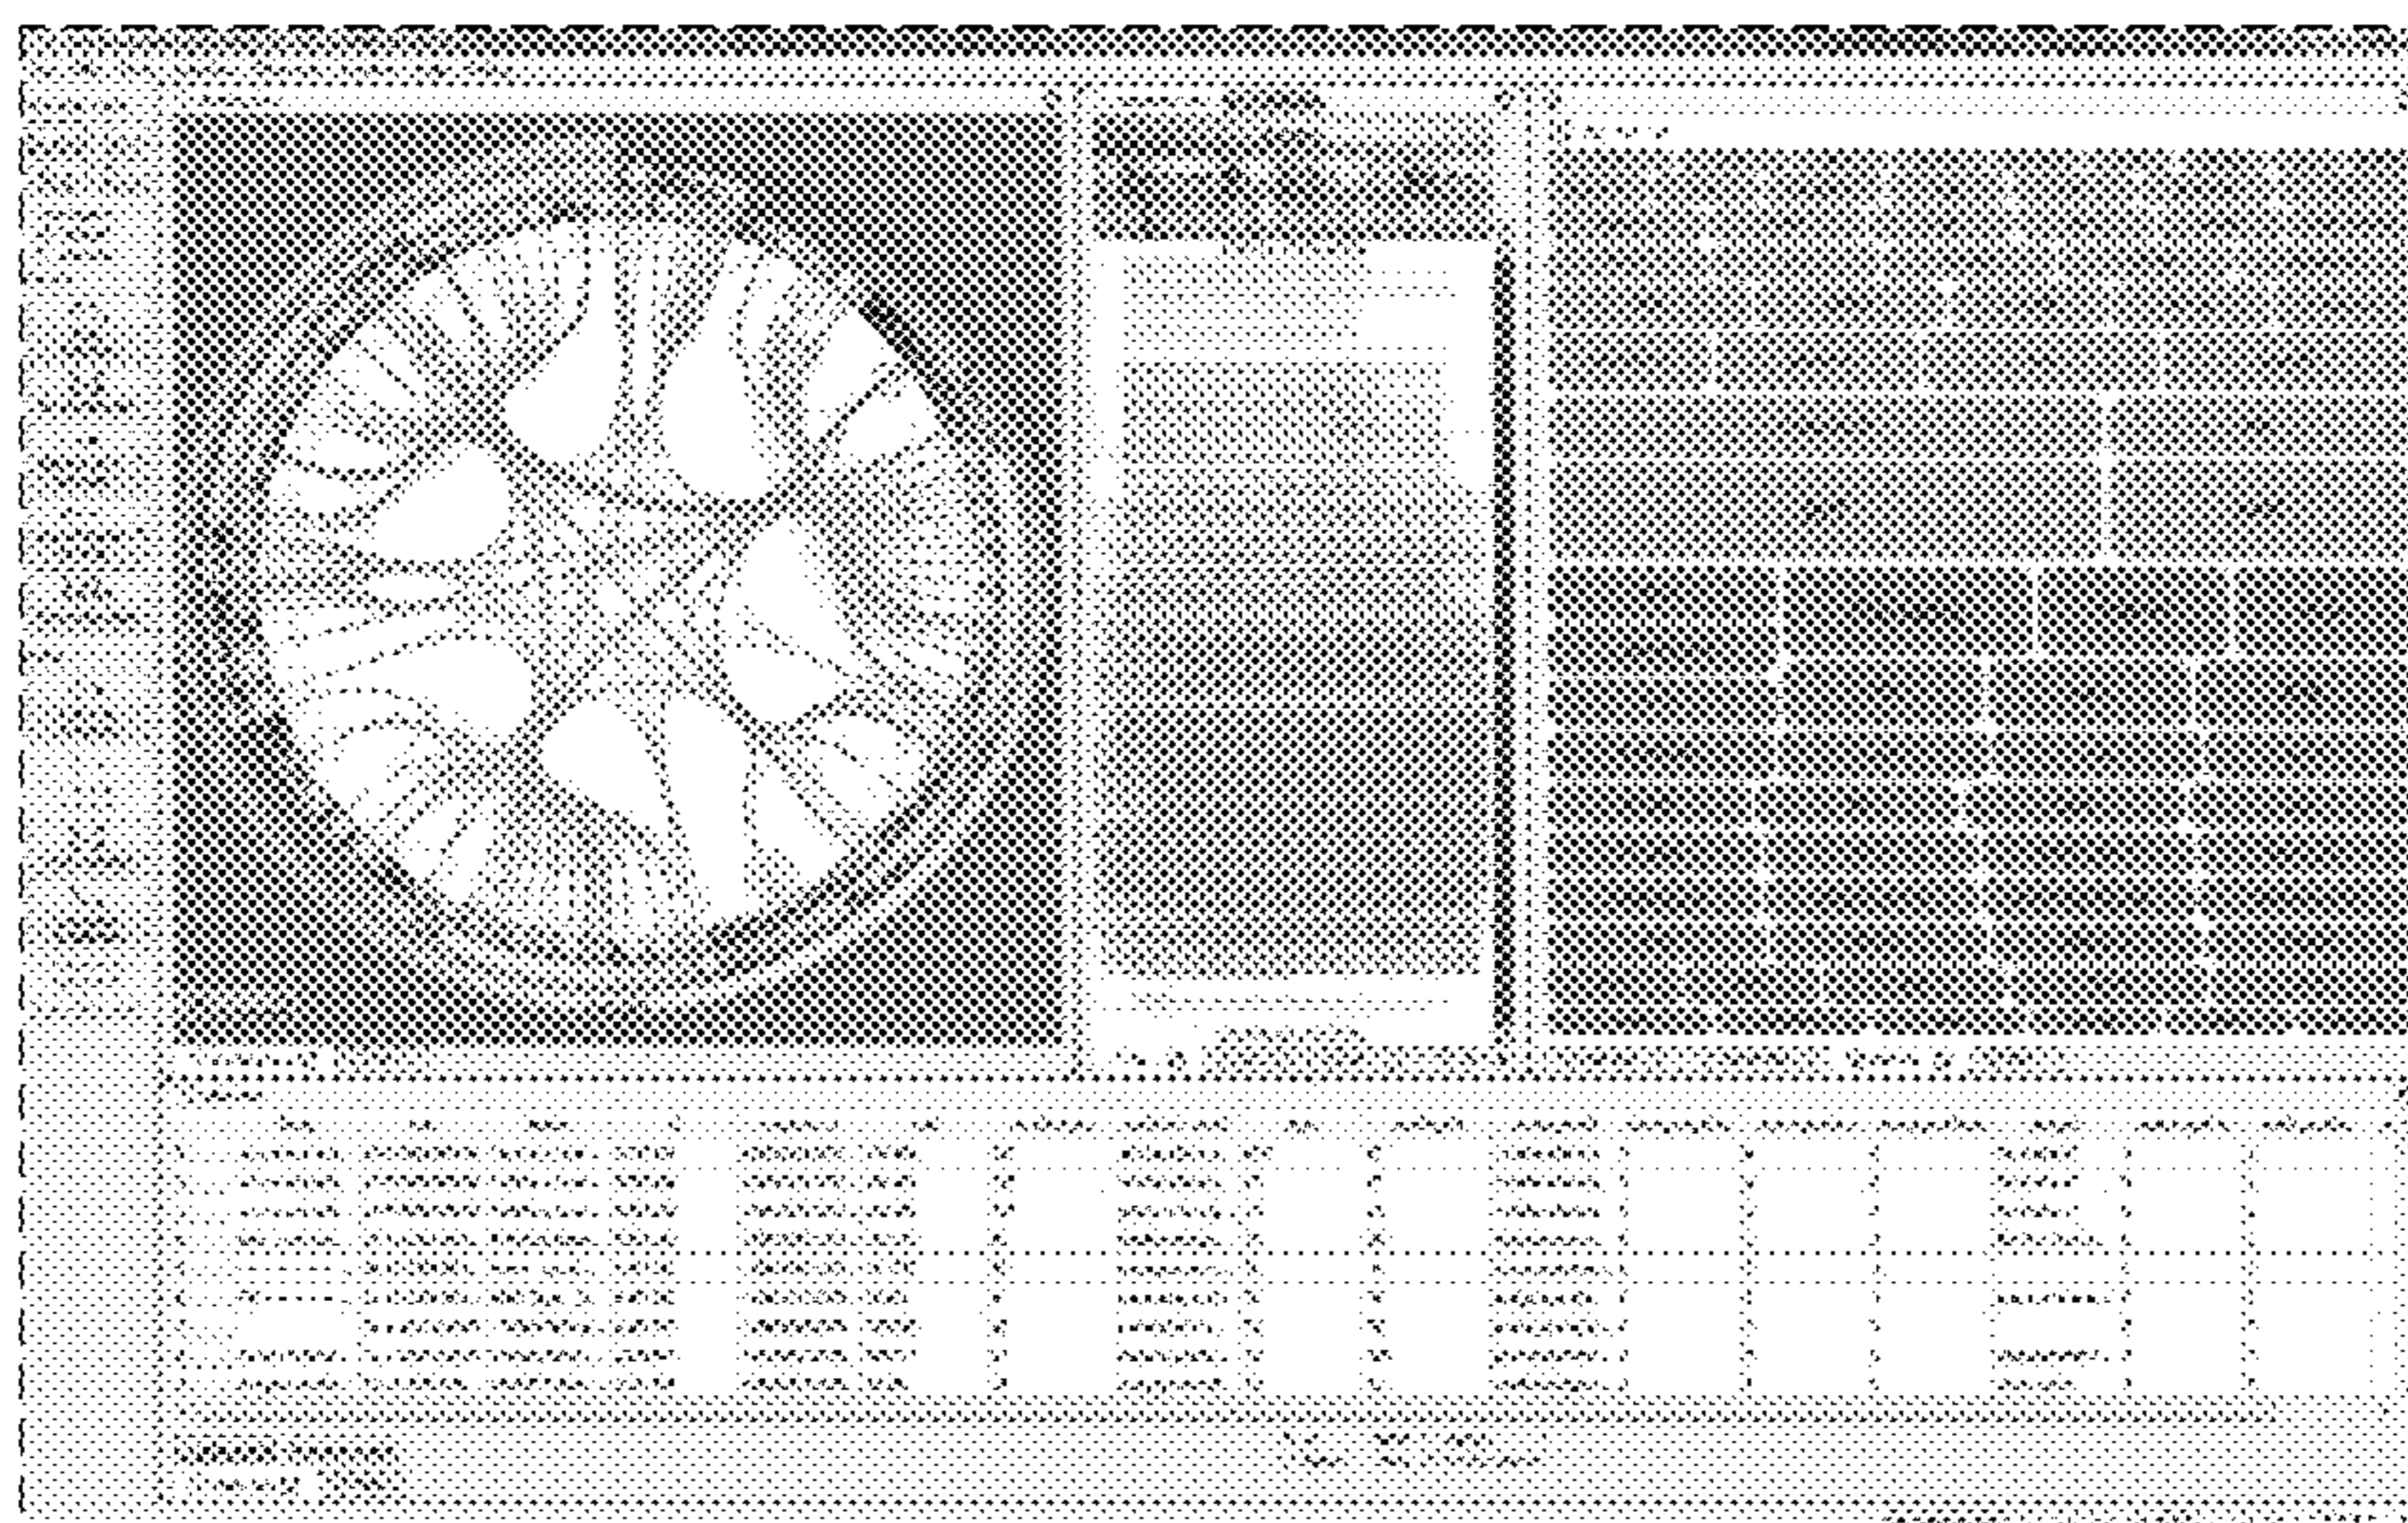

FIG. 2 is a front view of a display screen with graphical user interface shown in the embodiment in FIG. 1, and having color;

FIG. 3 is a front view of a display screen with graphical user interface in another embodiment of the present invention; and,

FIG. 4 is a front view of a display screen with graphical user interface shown in the embodiment in FIG. 3, and having color.

The broken line at the perimeter of the figures illustrate a display screen and forms no part of the claimed design.

1 Claim, 4 Drawing Sheets
