(57) **CLAIM**

The ornamental design for a display device with a graphical user interface presenting a countdown timer for connecting with an agent, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence of views for a display device with a graphical user interface presenting a countdown timer for connecting with an agent.

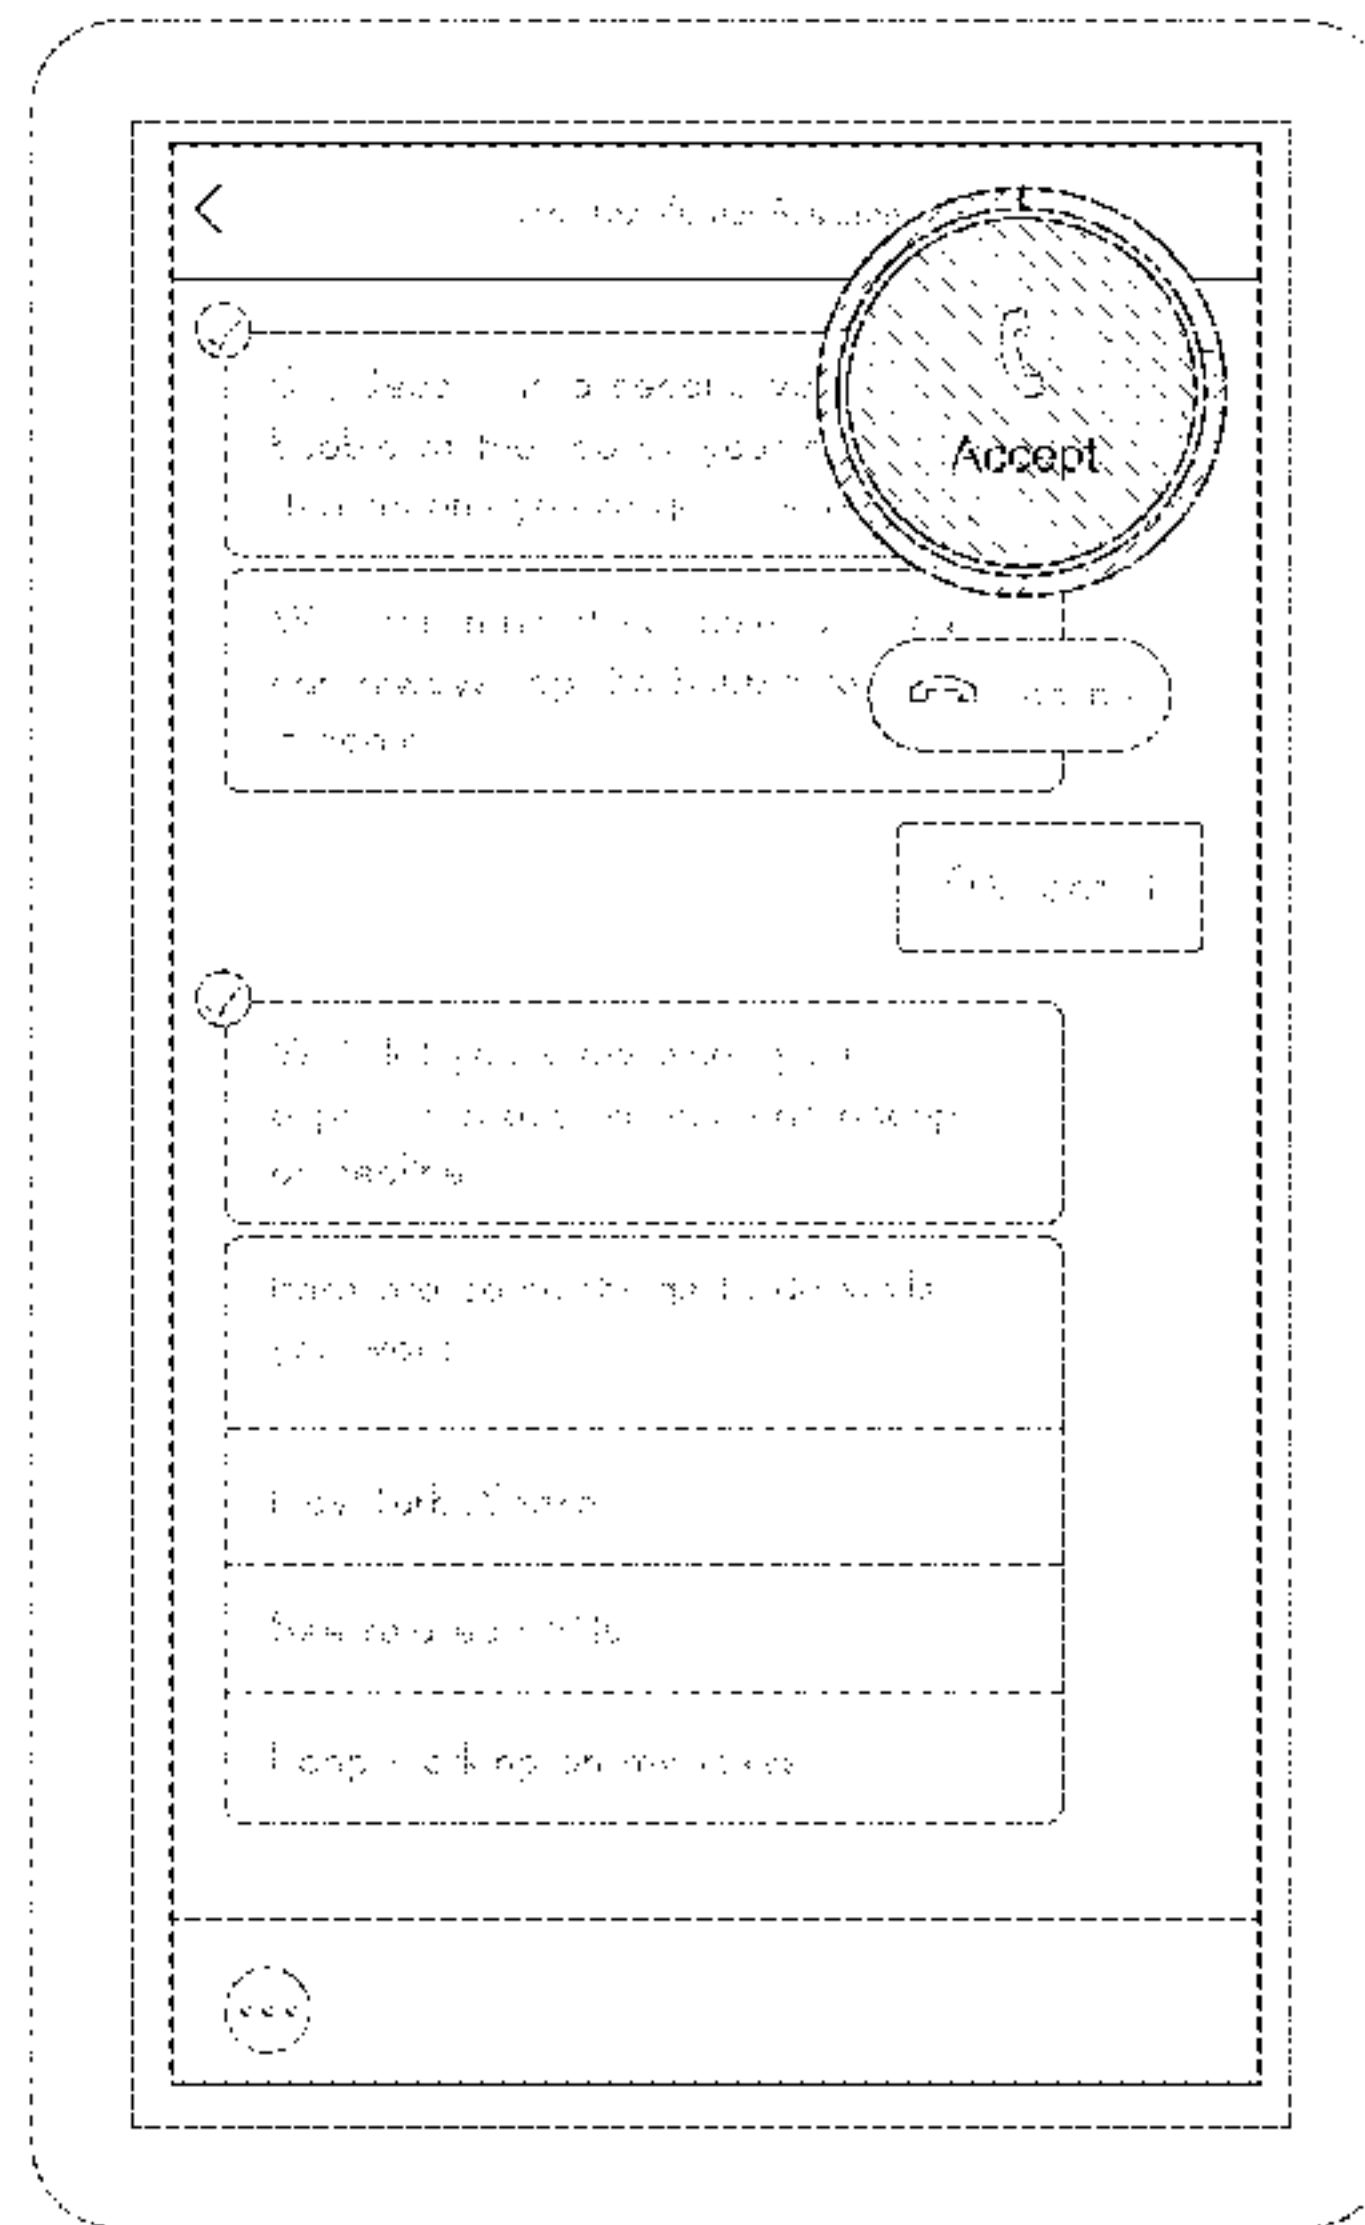

FIG. 2 is a second image thereof; and,

FIG. 3 is a third image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken line showing a display screen and portions of the graphical user interface is for the purpose of illustrating portions of the article and form no part of the claimed design. The outer broken line showing a display device illustrates environmental subject matter and forms no part of the claimed design.
