(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with transitional graphical user interface, as shown and described.

**DESCRIPTION**

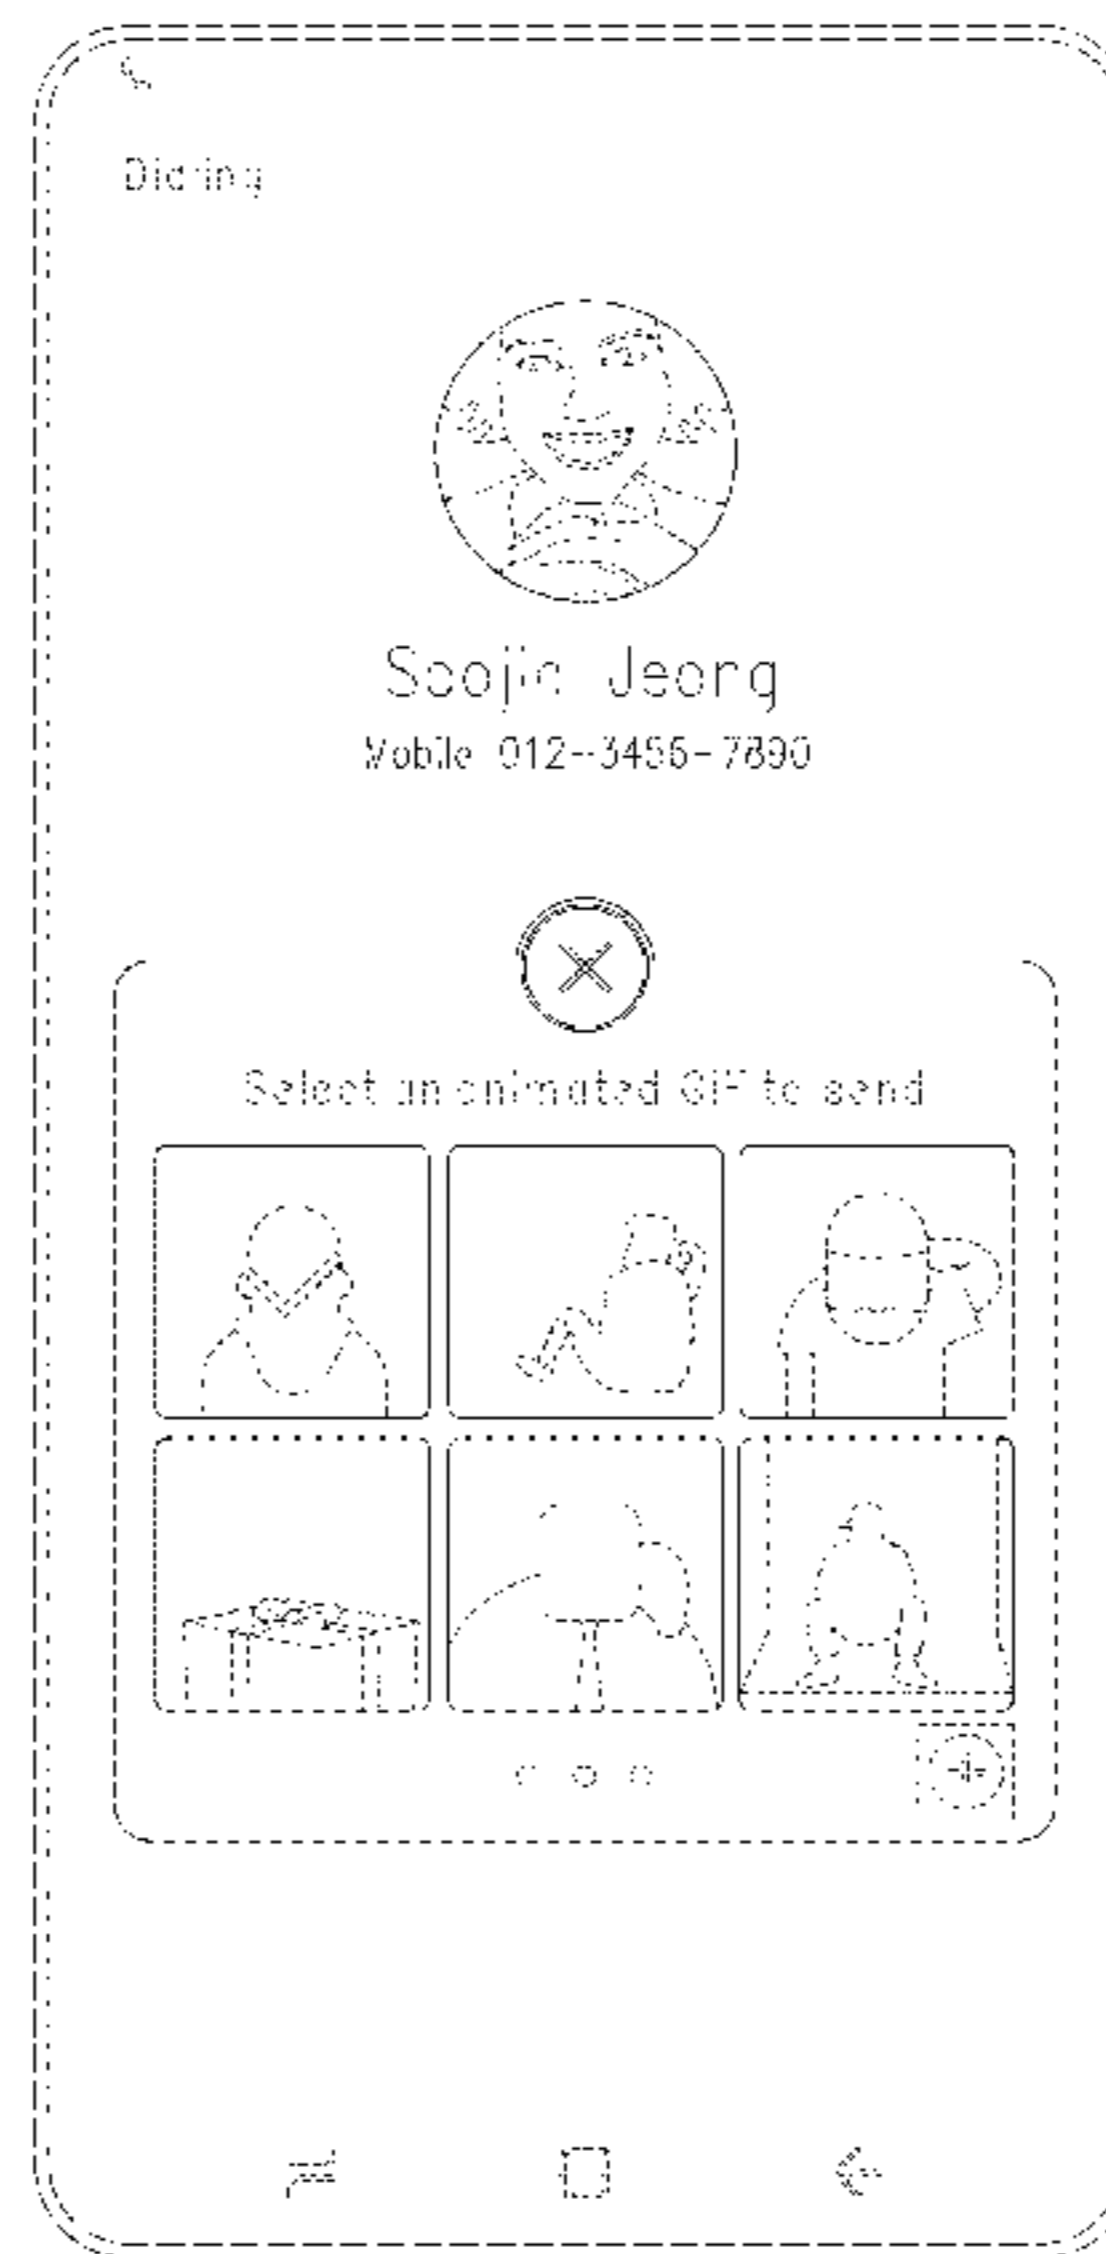

FIG. 1 is a front view of a first image of a display screen or portion thereof with transitional graphical user interface showing our new design; and,

FIG. 2 is a second image thereof.

The appearance of the transitional graphical user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another in each sequence forms no part of the claimed design.

The outer broken lines in the figures depict a display screen or portion thereof and form no part of the claimed design. The remainder of the broken lines in the figures depict portions of the graphical user interface and form no part of the claimed design.
