(Continued)

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a first embodiment of a display panel or screen with a graphical user interface showing our new design; and,

FIG. 2 is a second embodiment thereof.

The broken lines illustrating unclaimed portions of a display panel or screen or a portion thereof with a graphical user interface form no part of the claimed design.
