(57) **CLAIM**

The ornamental design for a beverage container, as shown.

DESCRIPTION

FIG. 1 is a perspective view of the beverage container according to a first embodiment of the invention; FIG. 2 is a top plan view of the beverage container according to the first embodiment of the invention; FIG. 3 is a front elevation view of the beverage container according to the first embodiment of the invention; FIG. 4 is a side elevation view of the beverage container according to the first embodiment of the invention; FIG. 5 is a perspective view of the beverage container according to a second embodiment of the invention; FIG. 6 is a perspective view of the beverage container according to a third embodiment of the invention; and, FIG. 7 is a perspective view of the beverage container according to a fourth embodiment of the invention. The broken lines in the drawings showing the beverage container illustrate the portions of the beverage container that form no part of the claimed design.

1 Claim, 6 Drawing Sheets
