(57) **CLAIM**

The ornamental design for display screen or portion thereof with graphical user interface for time sheet data presentation, substantially as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface for time sheet data presentation showing our new design.

The broken lines form no part of the claimed design. The broken line showing a display screen forms no part of the claimed design.
