(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

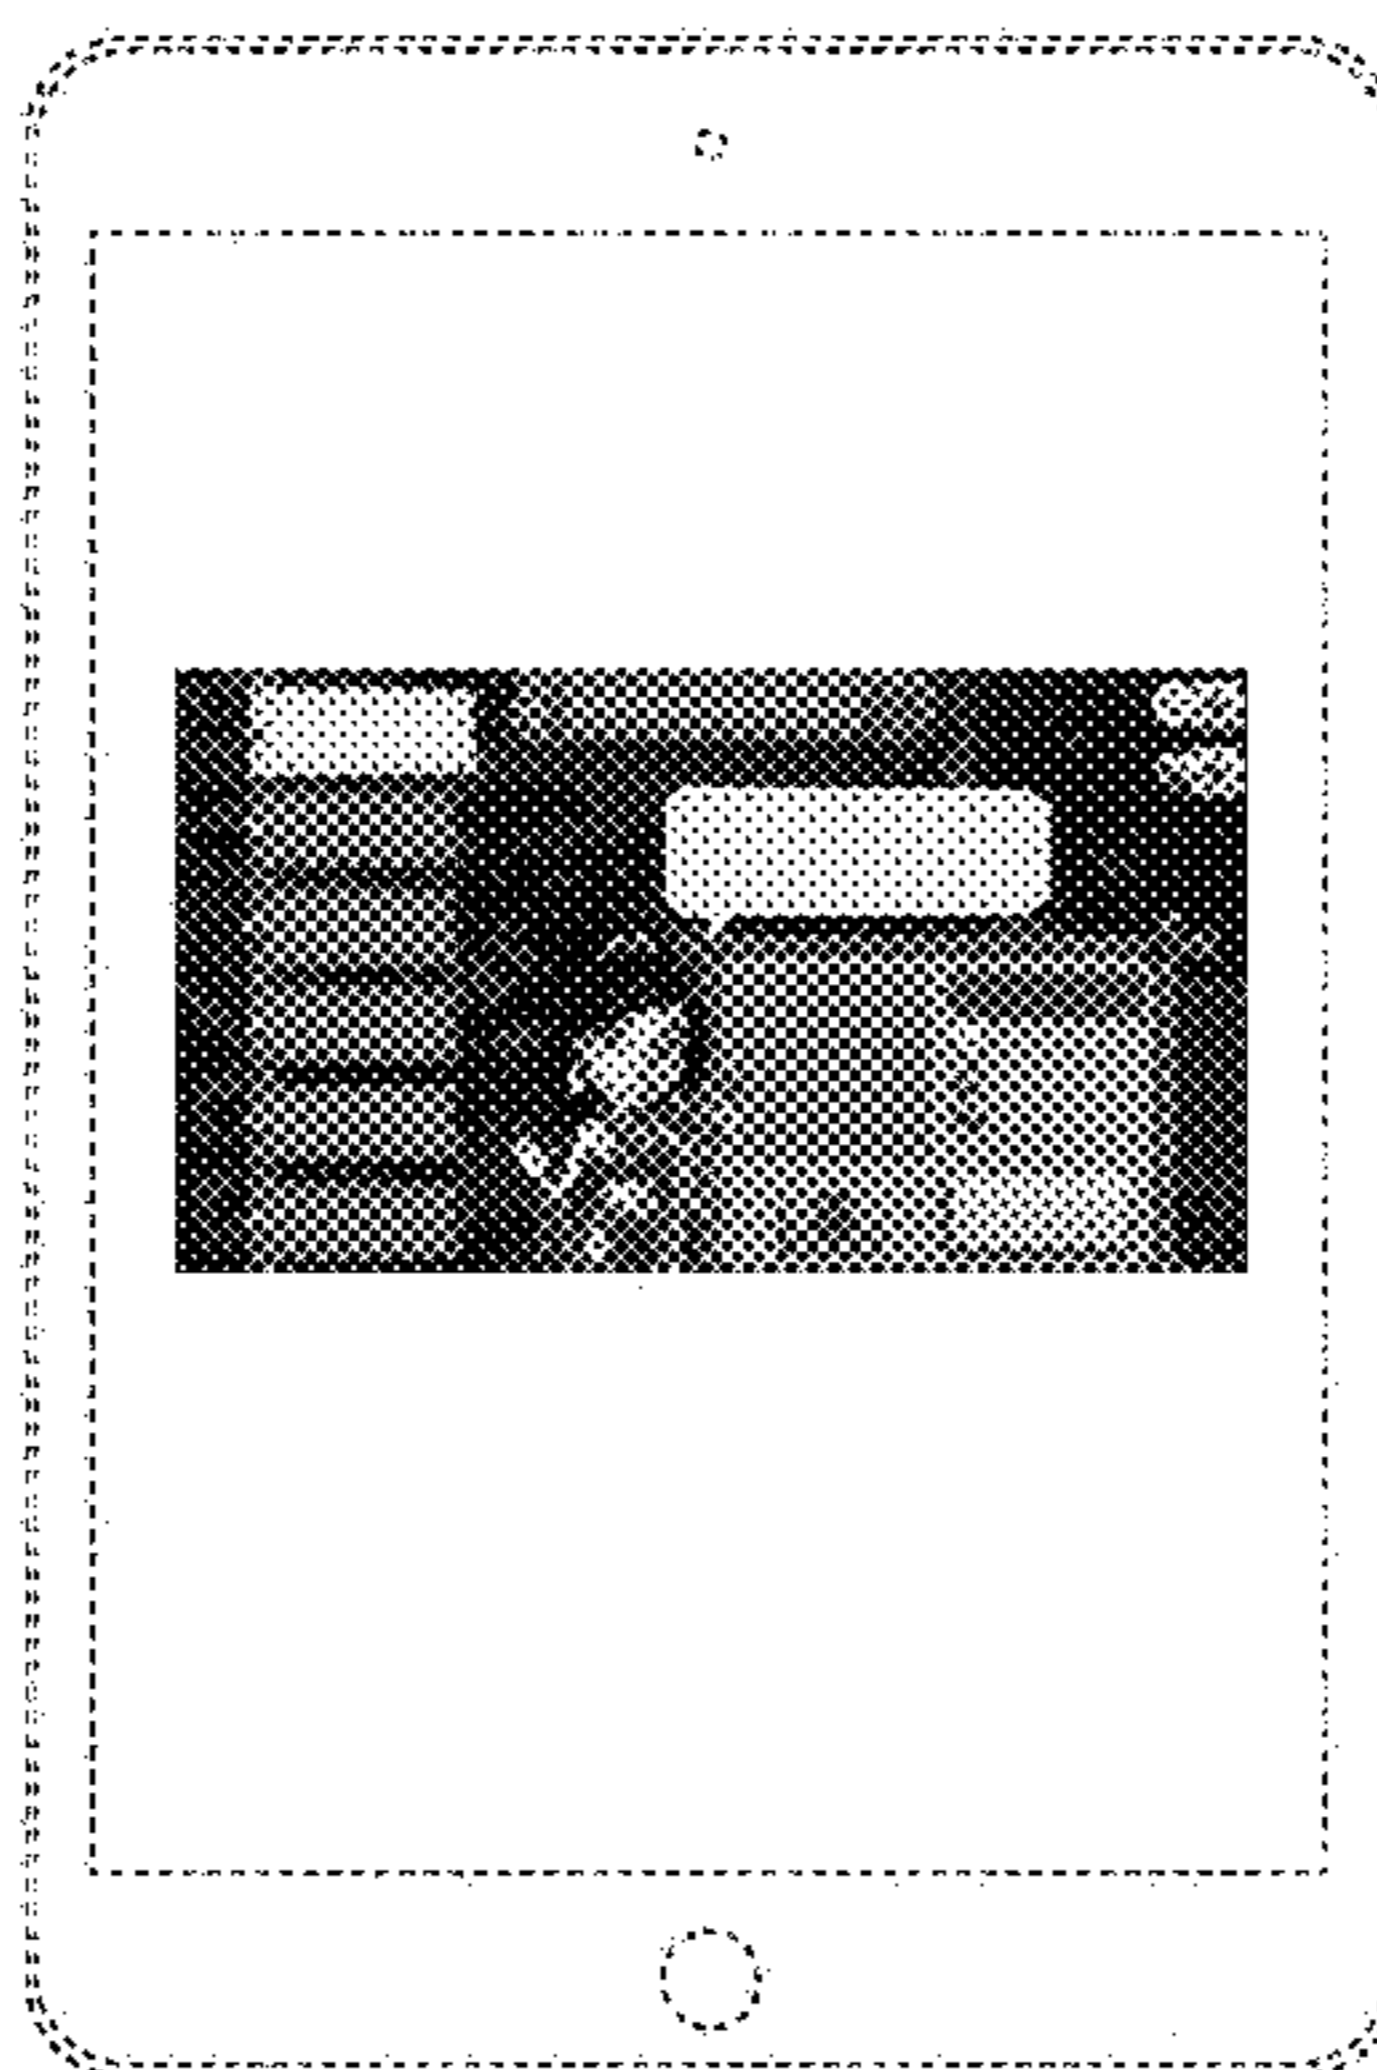

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a display screen with graphical user interface showing our new design.

The broken line showing the remainder of the display screen with graphical user interface and the remainder of the device is for environmental purposes only and forms no part of the claimed design.
