(57) **CLAIM**

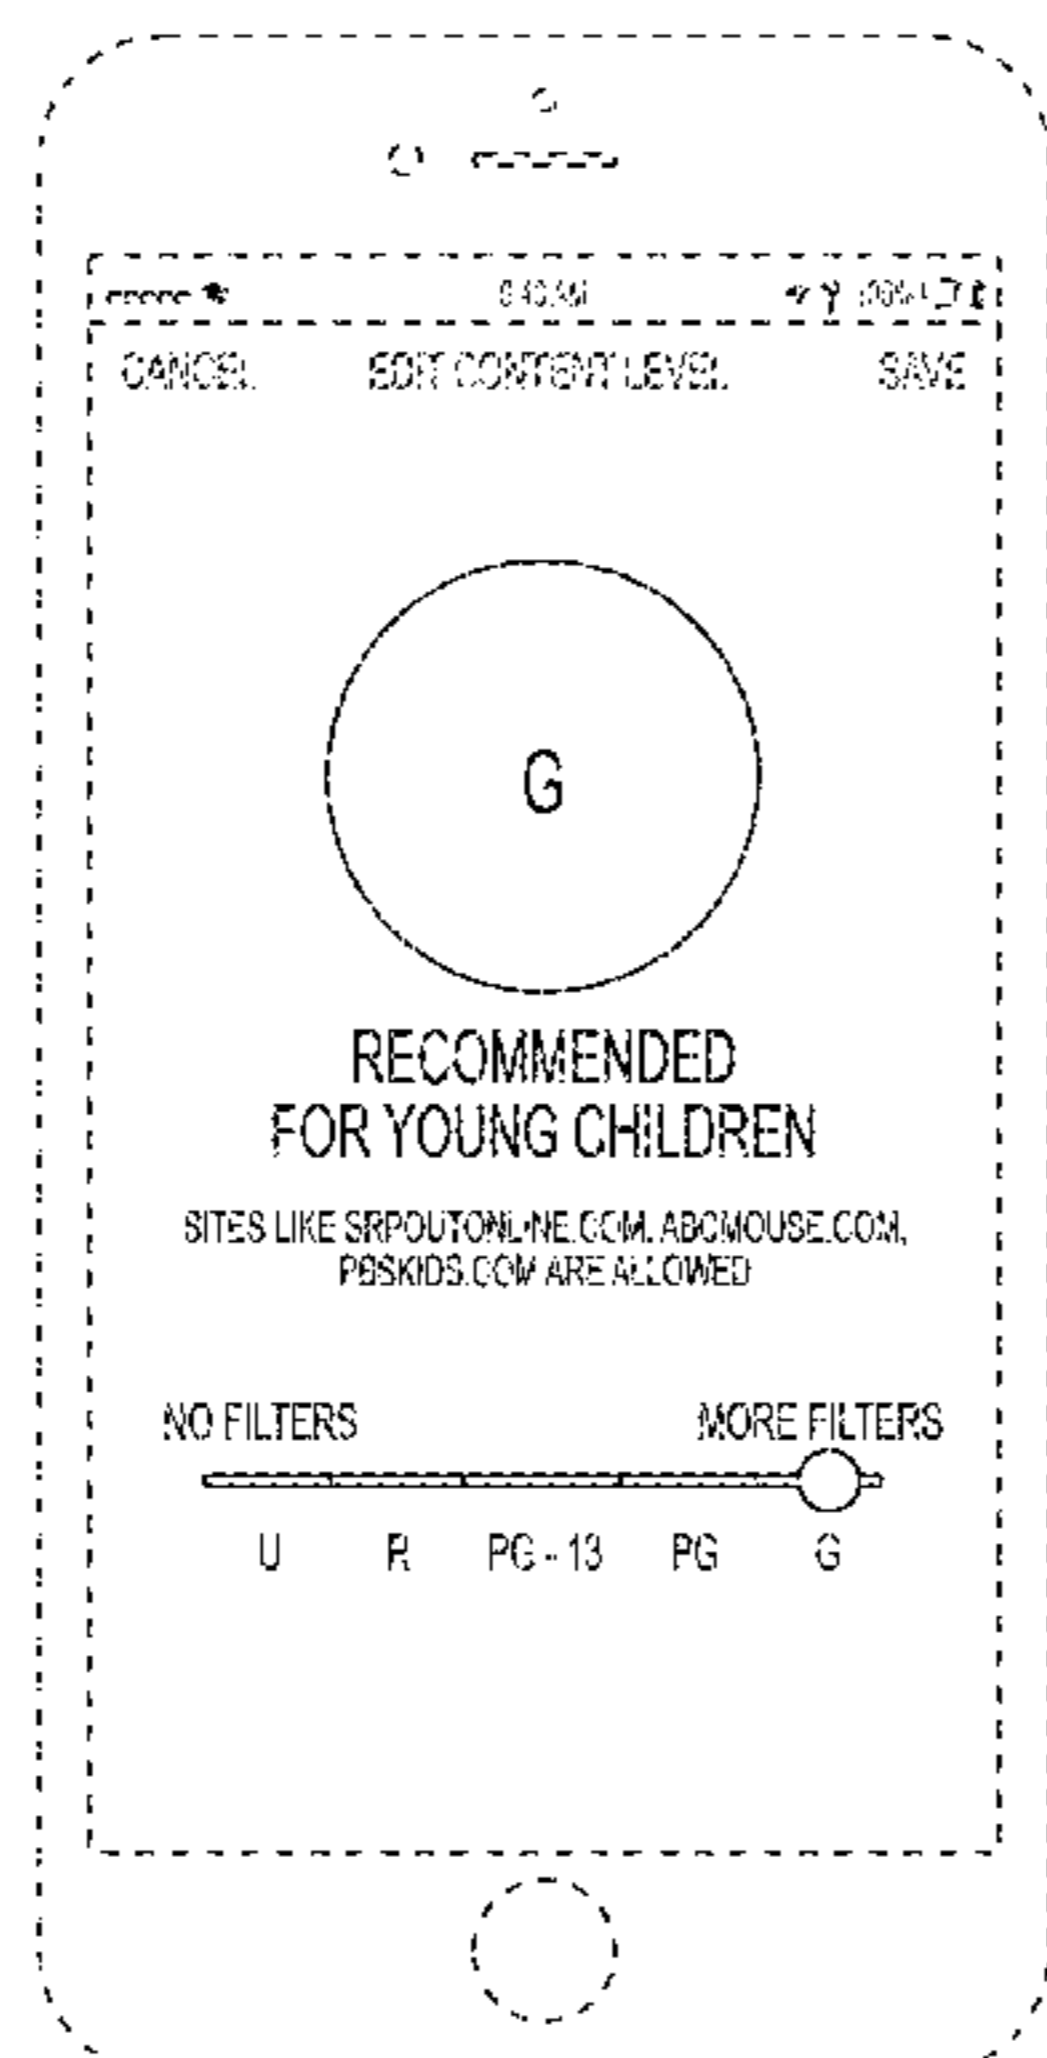

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing a first embodiment of our new design; FIG. 2 is a front view of a display screen with graphical user interface showing a second embodiment of our new design; FIG. 3 is a front view of a display screen with graphical user interface showing a third embodiment of our new design; FIG. 4 is a front view of a display screen with graphical user interface showing a fourth embodiment of our new design; and,

FIG. 5 is a front view of a display screen with graphical user interface showing a fifth embodiment of our new design. The outermost broken lines illustrate a mobile device, which is the environment of the design, and forms no part of the claimed design. The remaining broken lines illustrate portions of the display screen, and portions of the graphical user interface, and form no part of the claimed design.
