(57) **CLAIM**

The ornamental design for a display screen or portion
thereof with graphical user interface, as shown and
described.

DESCRIPTION

The patent file contains at least one drawing executed in
color. Copies of this patent with color drawings will be
provided by the Office upon request and payment of the
necessary fee.

The FIGURE is a front view of a display screen or portion
thereof with graphical user interface showing our new
design.

The outer perimeter shown in broken line in the FIGURE
depicts a display screen or portion thereof and forms no part
of the claimed design. The broken lines that are contiguous
with the edges of solid-tone subject matter shown in the
FIGURE show an interior boundary of the claimed design
and form no part thereof. The remaining broken lines in the
FIGURE illustrate portions of the graphical user interface
that form no part of the claimed design.
