FIGS. 1-8 show features of a lacrosse head in phantom lines. These features are shown for environmental purposes and do not form any part of the claimed design. The phantom lines immediately adjacent the solid-line portions of the design form the boundary of the design, with the phantom lines forming no part of the claimed design. The stipple shaded portions of the lacrosse head are the claimed design. The sectional views in the figures illustrate cross hatched internal areas which internal areas do not form part of the claimed design.
