See application file for complete search history.

FIG. 1 is a perspective view of an architectural panel with a striated surface texture, showing our new design.

FIG. 2 is a front view of the architectural panel with a striated surface texture.

FIG. 3 is a back view of the architectural panel with a striated surface texture.

FIG. 4 is a left side view of the architectural panel with a striated surface texture.

FIG. 5 is a right side view of the architectural panel with a striated surface texture.

FIG. 6 is a top view of the architectural panel with a striated surface texture; and,

FIG. 7 is a bottom view of the architectural panel with a striated surface texture.

The extended outer perimeter shown in broken lines in FIG. 1 depicts environmental subject matter and forms no part of the claimed design. The remaining broken lines in the drawings along the edges of the panel itself represent portions of the architectural panel with a striated surface texture that form no part of the claimed design.
